The SSR2 Review Team undertook the following during this session:

1. **Welcome, roll call, SOI updates**

See attendance record above. No SOI updates provided.

2. **Status update from subteams (see subteam status spreadsheet here):**
   - Recommendations 10 - 19, 29 (abuse subteam) (see text here): Denise and Laurin presented the text in the document here, circulated to the team email list on 7 October. KC noted her concern that the team has not seen the text that leads to the recommendations being presented, or how the recommendations address the public comments. She noted the team should not be asked to object or accept the recommendations prior to seeing those pieces of work. The team had a discussion about the concerns raised and how this issue might be resolved moving forward. Denise suggested that the abuse subteam regroup and come back to the team with assignments to add references to the document and a deadline for those assignments to be completed. Russ noted that the leadership will discuss the issues raised on the call during the regular Monday leadership meeting.
   - Recommendation 25 (see document here beginning p54): This recommendation was not discussed due to time constraints.
   - Recommendation 28: This recommendation was not discussed due to time constraints.

Action item: Denise will connect with abuse sub team members to develop assignments and propose a timeline for producing the additions to the report that the team discussed on the call.
