Draft “feedback-on-feedback”: <https://bit.ly/3l68KCW>

AI: MPC to review and to suggest edits (if any) prior to MPC meeting on 12 Nov

Was it useful to have a wrap-up MPC meeting, immediately after ICANN69?

ICANN69: Level of attendance

Observations:

- Approx 90 unique participants per ccNSO members meeting session
- Partial overlap between the ccTLDs attending the virtual ICANN69 and those that typically attend face-to-face meetings, but not only

Suggestions on how to reach out to “silent” ccTLD managers:

- Outreach via ICANN Global Stakeholder Engagement (GSE), like we did prior to ICANN69
- Regional Organisations
- Any additional suggestions?

Food for thought

- Topical approach
 - Yes/No?
 - If yes: data accuracy efforts by ccTLDs?
- Timing
 - Start earlier? End later?
 - Number of sessions?
- Interaction
 - Breakout rooms? Mentimeter? Other?
