09:12:10 From Kaveh Ranjbar to Everyone : Hello everyone, Sorry for being late

09:33:04 From Boban Krsic to Everyone : make sense, let's move it

09:33:17 From Boban Krsic to Everyone : to the isms section

09:44:32 From Laurin Benedikt Weissinger to Everyone : Heather, did you note the points from KA, Scott, me?

09:44:40 From Laurin Benedikt Weissinger to Everyone : Happy to look at it after.

09:50:46 From Heather Flanagan to Everyone : @Laurin I'm keeping notes in addition to what's in the doc comments

09:57:06 From Kerry-Ann Barrett to Everyone : brb

09:59:43 From Kerry-Ann Barrett to Everyone : back

10:00:09 From Steve Conte to Everyone : CY 2021 Q2 still falls into our FY21 budget cycle which is already planned and allocated. Does the RT feel that may be too aggressive for action by the Org?

10:04:22 From Laurin Benedikt Weissinger to Everyone : Steve, thanks — that is one of the issues I see with some of these Time lines.

10:09:21 From Steve Conte to Everyone : When you look at timelines, please take into account the time in process when the final report is submitted and the steps for feasibility and board action then there's org prioritization and budgeting before implementation could begin (generalizing, some may be low hanging fruit)

10:10:10 From Laurin Benedikt Weissinger to Everyone : Steve that is another reason why I think some of those are not realistic. ;)

10:12:10 From Laurin Benedikt Weissinger to Everyone : One more is that I simply wonder how some of this stuff could be done so quickly.

10:30:06 From Boban Krsic to Everyone : Nope, fine; Thanks to everyone for the feedback and work so far and especially to you Heather, for your superb support! Unfortunately, I have to leave for another call and wish you all a great holiday season and Merry Christmas. Take care of yourselves

10:30:14 From Boban Krsic to Everyone : Talk to you and bye

10:30:24 From Heather Flanagan to Everyone : Thank you, Boban!

10:32:48 From Scott McCormick to Everyone : I have to drop

10:34:38 From Heather Flanagan to Everyone : brb

10:35:43 From Heather Flanagan to Everyone : b

10:39:53 From Heather Flanagan to Everyone : SSR1 dropping in priority makes sense given how we incorporated so much into the SSR2 recs, and the fact that ICANN can't implement poorly specified recs (which is what we said about SSR1)

10:52:23 From Kerry-Ann Barrett to Everyone : no holiday :(

10:53:28 From Ram Krishna Pariyar to Everyone : Thank you

10:53:32 From DANKO Jevtović to Everyone : thank you all
