

Report of the At-Large Social Media activities during ICANN69 and IGF2020

Filina Natalia
Social Media WG
EURALO Vice-Chair

November, 2020

Due to the fact of changing the rule of the At-Large Social Media Working Group leadership, the leading role of the SMWG Chair was taken by regional Vice-Chair, selected from the region of the upcoming ICANN69 Meeting - Europe.

Natalia Filina, EURALO Regional SMWG Vice Chair was leading the efforts to promote and engage At-Large and ICANN community during ICANN69.

In close cooperation with the Outreach and Engagement Subcommittee team and great support from entire community, the Social Media WG drafted the Plan, identified the goal and the most effective ways to invite more people to attend the At-Large sessions and to help the community to find the interest to join our ICANN69 discussions.

(Engaging new members is not a proposed task but can be a valuable key result of all outreach and engagement activities around Social Media actions).

Social Media WG team, Regional Vice Chairs:

APRALO Shreedeeep Rayamajhi

AFRALO Bukola Oronti

EURALO Natalia Filina

LACRALO Lilian Ivette De Luque Bruges

NARALO John Laprise (Former Chair)

The SoMe strategic [plan](#) became our roadmap and designated our steps and actions for the three weeks of the ICANN69 (5 - 22 October, 2020)

ICANN69 VIRTUAL ANNUAL GENERAL

At-Large Social Media Working Group (SMWG) Twitter Competition

13 - 22 October 2020

The winner with the most re-tweeted tweet will be announced during the At-Large Wrap Up session on Thursday, 22 October.

Join in the spirit of #ICANN's Virtual Policy Forum by showing us where you are participating in this virtual event from. Are you in your office or at a coffee shop? Post a photo of yourself attending ICANN69 Annual General Meeting sessions from your location and share it using the #ALAC69 hashtag and the # the city you are participating from. Help us create a virtual meeting photo gallery. Look forward to seeing you all online!

At-Large community members` effort on Twitter during ICANN69 was significant (you may find all tweets with the hashtags #ALAC69 and #ICANN69):

One of the most important metric of the result of SoMe activities is the number of the ICANN69 At-Large sessions` participants (obviously it is the result of many outreach actions, not just SoMe activities).

**In the future for the deeper analysis we should divide the number of the community members and new attendees.*

Collecting additional metrics identified by the SoMe plan requires closer coordination and significant time and resources to gather them.

After ICANN69 we continue our outreach work and invited community to participate in read out sessions.

As well as we posted in [EURALO newsletter \(review period October 2020\)](#) the set of links to the recordings of all ICANN69 At-Large sessions.

Organization's Website: <https://www.icann.org/>

Description: ICANN's mission is to help ensure a stable, secure, and unified global Internet. To reach another person on the Internet, you need to type an address – a name or a number – into your computer or other device. That address must be unique so computers know where to find each other. ICANN helps coordinate and support these unique identifiers across the world. ICANN was formed in 1998 as a not-for-profit public-benefit corporation with a community of participants from all over the world.

ICANN At-Large

What is At-Large?

"At-Large" is the name for the community of individual Internet users who participate in the policy development work of ICANN. You can learn more about the community and its activities on this website, as well as how to join and participate in building the future of the worldwide Domain Name System (DNS) and other unique identifiers that every single user of the Internet relies on every time they go online.

See <https://www.icann.org/>.

At-Large community Website, which provides additional information on the ICANN At-Large Community. See <https://community.icann.org/>

The **At-Large Outreach Activities at the Virtual IGF 2020** workspace includes all the IGF sessions being organized by At-Large Members.

Regional At-Large Organizations (RALOs)

The five **RALOs** unite our At-Large Structures (AL SEs) and individual members and individual members based on their geographic regions.

- African Regional At-Large Organization (AFRALO). See <https://community.icann.org/display/AFRALO>
- Asian, Australasian and Pacific Islands Regional At-Large Organization (APRALO). See <https://community.icann.org/display/APRALO>

Come learn more about At-Large!

Recommendations for the upcoming ICANN70:

- create and post not only images, but also videos
- personalize messages-add tags to community members
- use approved photographs of the speakers in a promotional cards
- distribute the responsibility in the Social Media WG
- involve young people in the spreading the information (Fellows, NextGen)
- create and post shorts reports after the sessions
- talk about the members of the RALO and the structures of the region hosting the ICANN meeting.

Dear At-Large Community members,

On behalf of the At-Large Social Media working group, I would like **to thank everyone** who has done the excellent job of spreading the most important, interesting and vibrant information on Social Media and helped us to attract the attention of the community and new active members.

Thank everyone who helps us to translate our messages and made them multi-language!

Thank you so much for your time spending and producing superb videos (that are certainly the best way to provide the information and to show what a great people hold the leadership positions in At-Large community).

My apologize for not mentioning all the names that made a lot of work and a lot of Social Media posts.

This pandemic 2020 year we realized that in the absence of F2F meetings, interplanetary discussions, flash sessions and explanatory work at the booths, Social Media took the incredible importance.

We wish [Lilian Ivette De Luque Bruges](#), ICANN70 Regional Chair of the At-Large Social Media Working Group (SMWG) and all colleagues even more success!
