

Format: Cross Community At-Large Plenary, 90min

Title: The future of ICANN's mandate and the development of the DNS: Voices of the Next Generation!

Sub-questions discussed:

- Should ICANN's mandate be adapted in terms of future developments in cyberspace e.g. influence of digital platforms, etc.?
- How need the DNS be changed to tackle future cybersecurity concerns e.g. cybercrimes, digital abuses, etc.?
- How can transparency and openness of PDP's within ICANN be ensured and all interested stakeholders be pick up inclusively?

Aim: A session involving NextGen Alumni primarily, but also former Fellowship/ATLAS participants who currently work in constituencies across ICANN (At-Large, NCUC, BS, SSAC, etc.), to discuss the above raised title and sub-questions. There will be around 7 to 8 presentations from the various constituencies sharing their view about the title and sub-questions and afterwards Q&A.
