

RIPE NCC

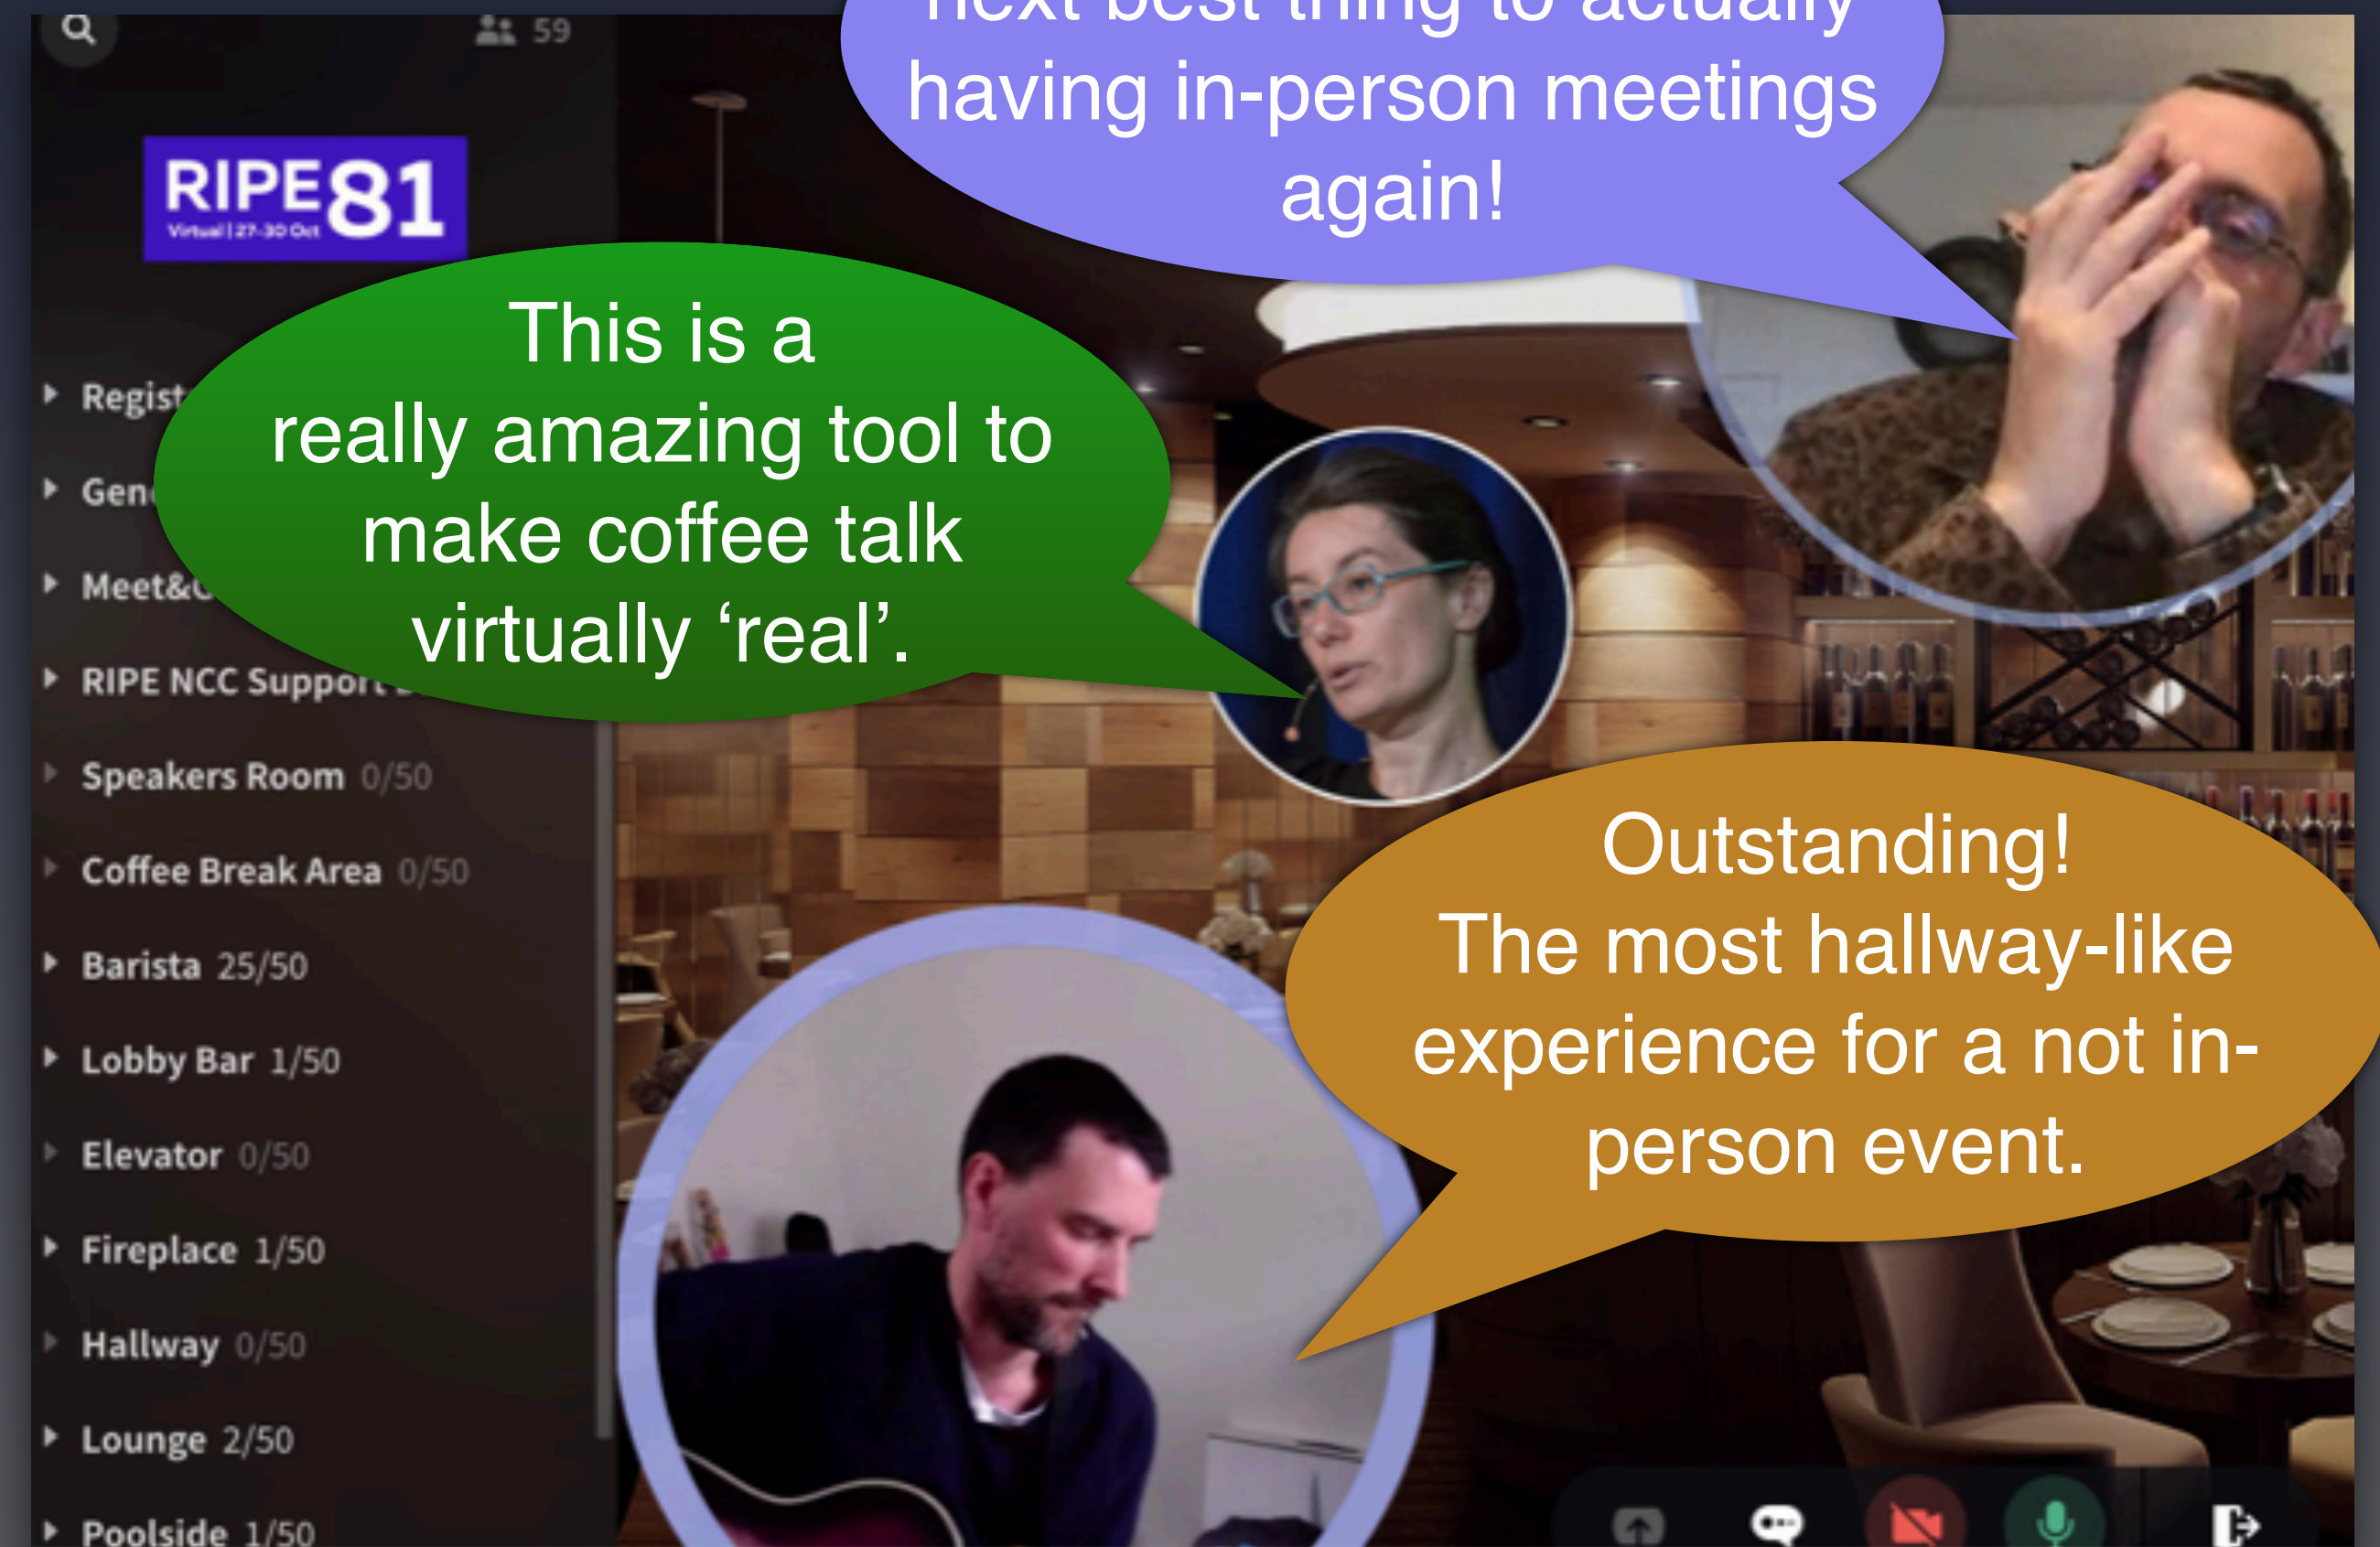

RIPE NETWORK COORDINATION CENTRE

RIPE NCC Events and SpatialChat

The RIPE NCC Experience

- Two events in 2020 (RIPE 81 and ENOG 18) and internal company socials
- Extremely positive feedback
- Easy to set up as admin and easy to use as attendee
- Pro Plan: unlimited people / time / rooms / customisation

How SpatialChat Works

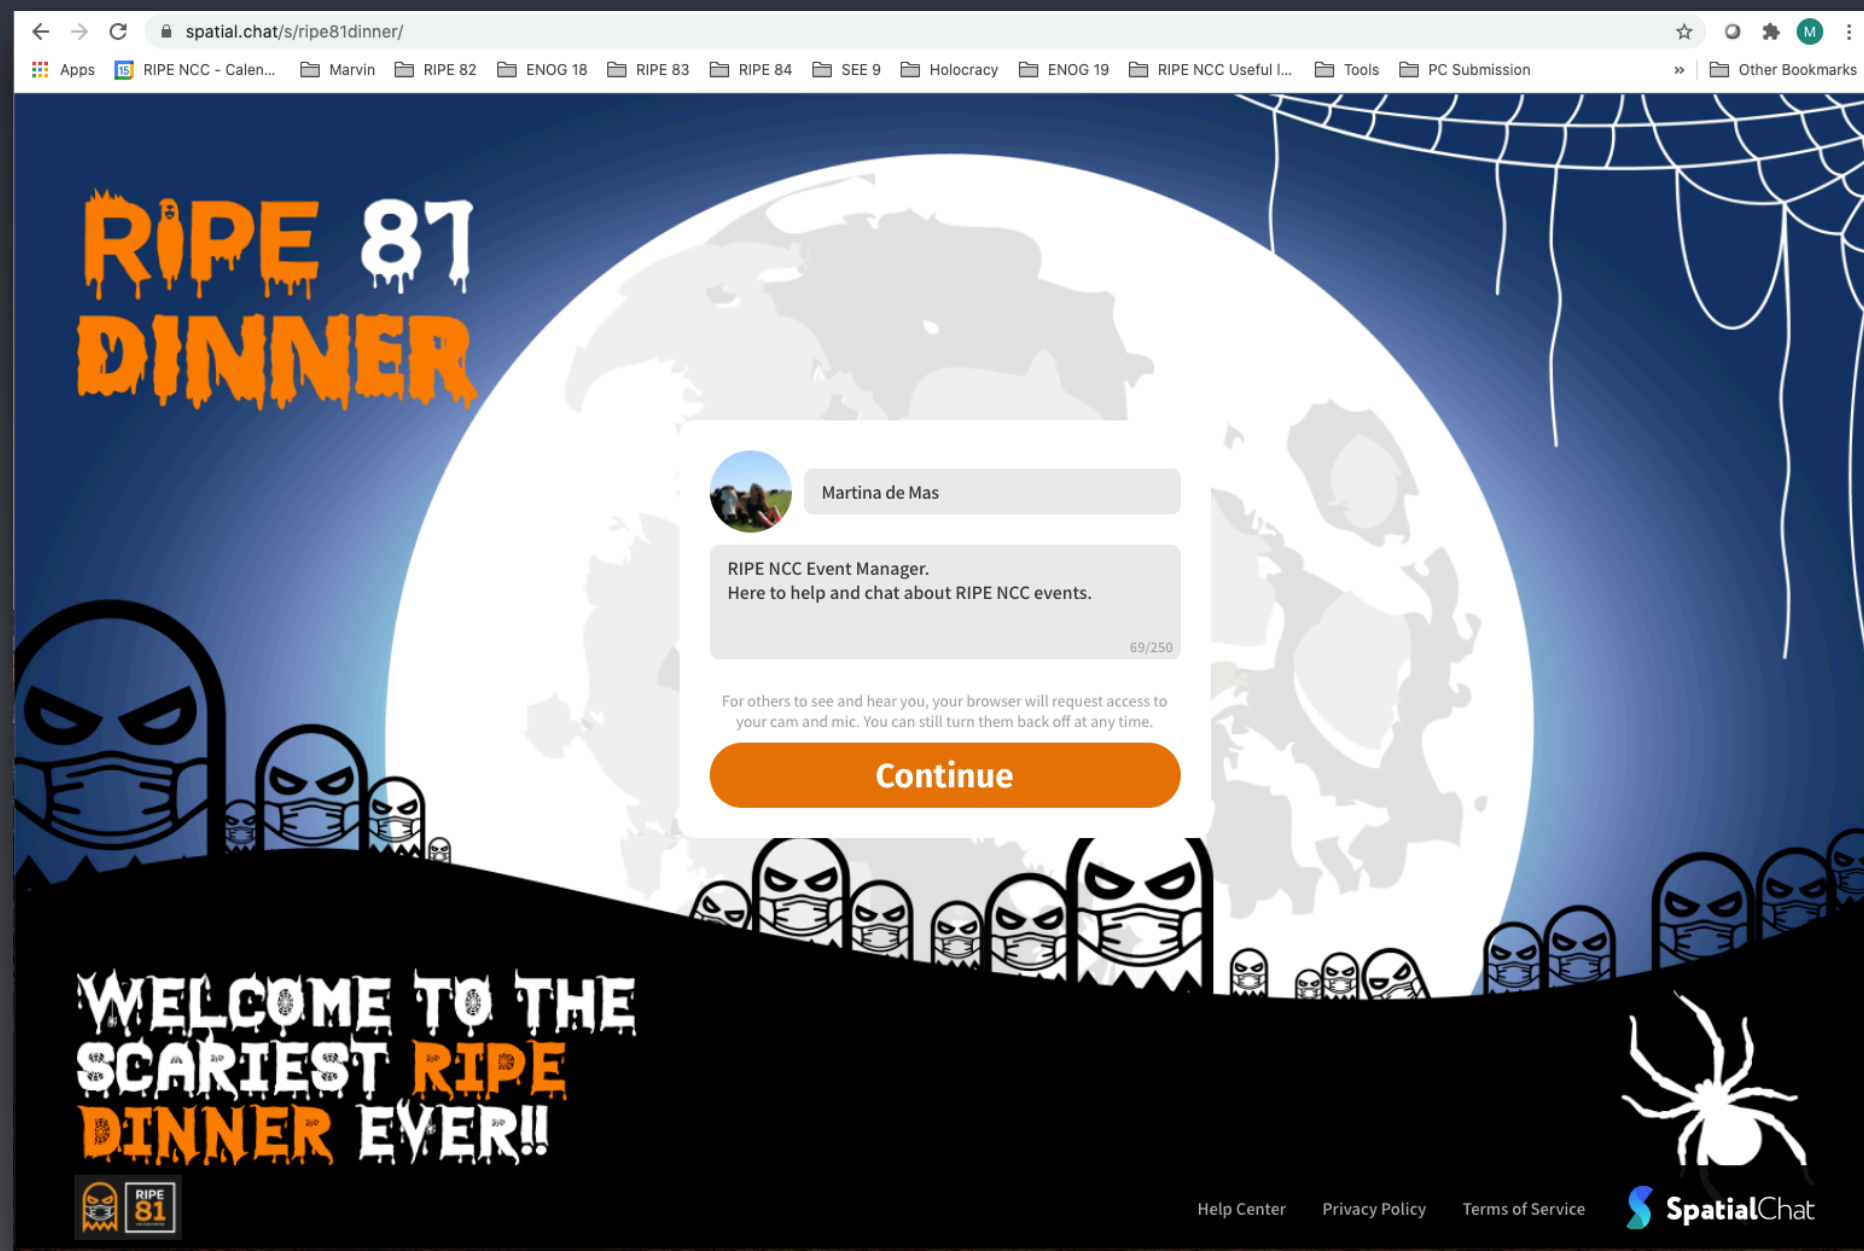

- Click on your circle and drag it towards a person you want to speak to or just in the space
- When you move your circle closer to others, they will get louder and will be able to hear you better
- You can move yourself around but not others

Logging In

- Login with a link and password (optional)

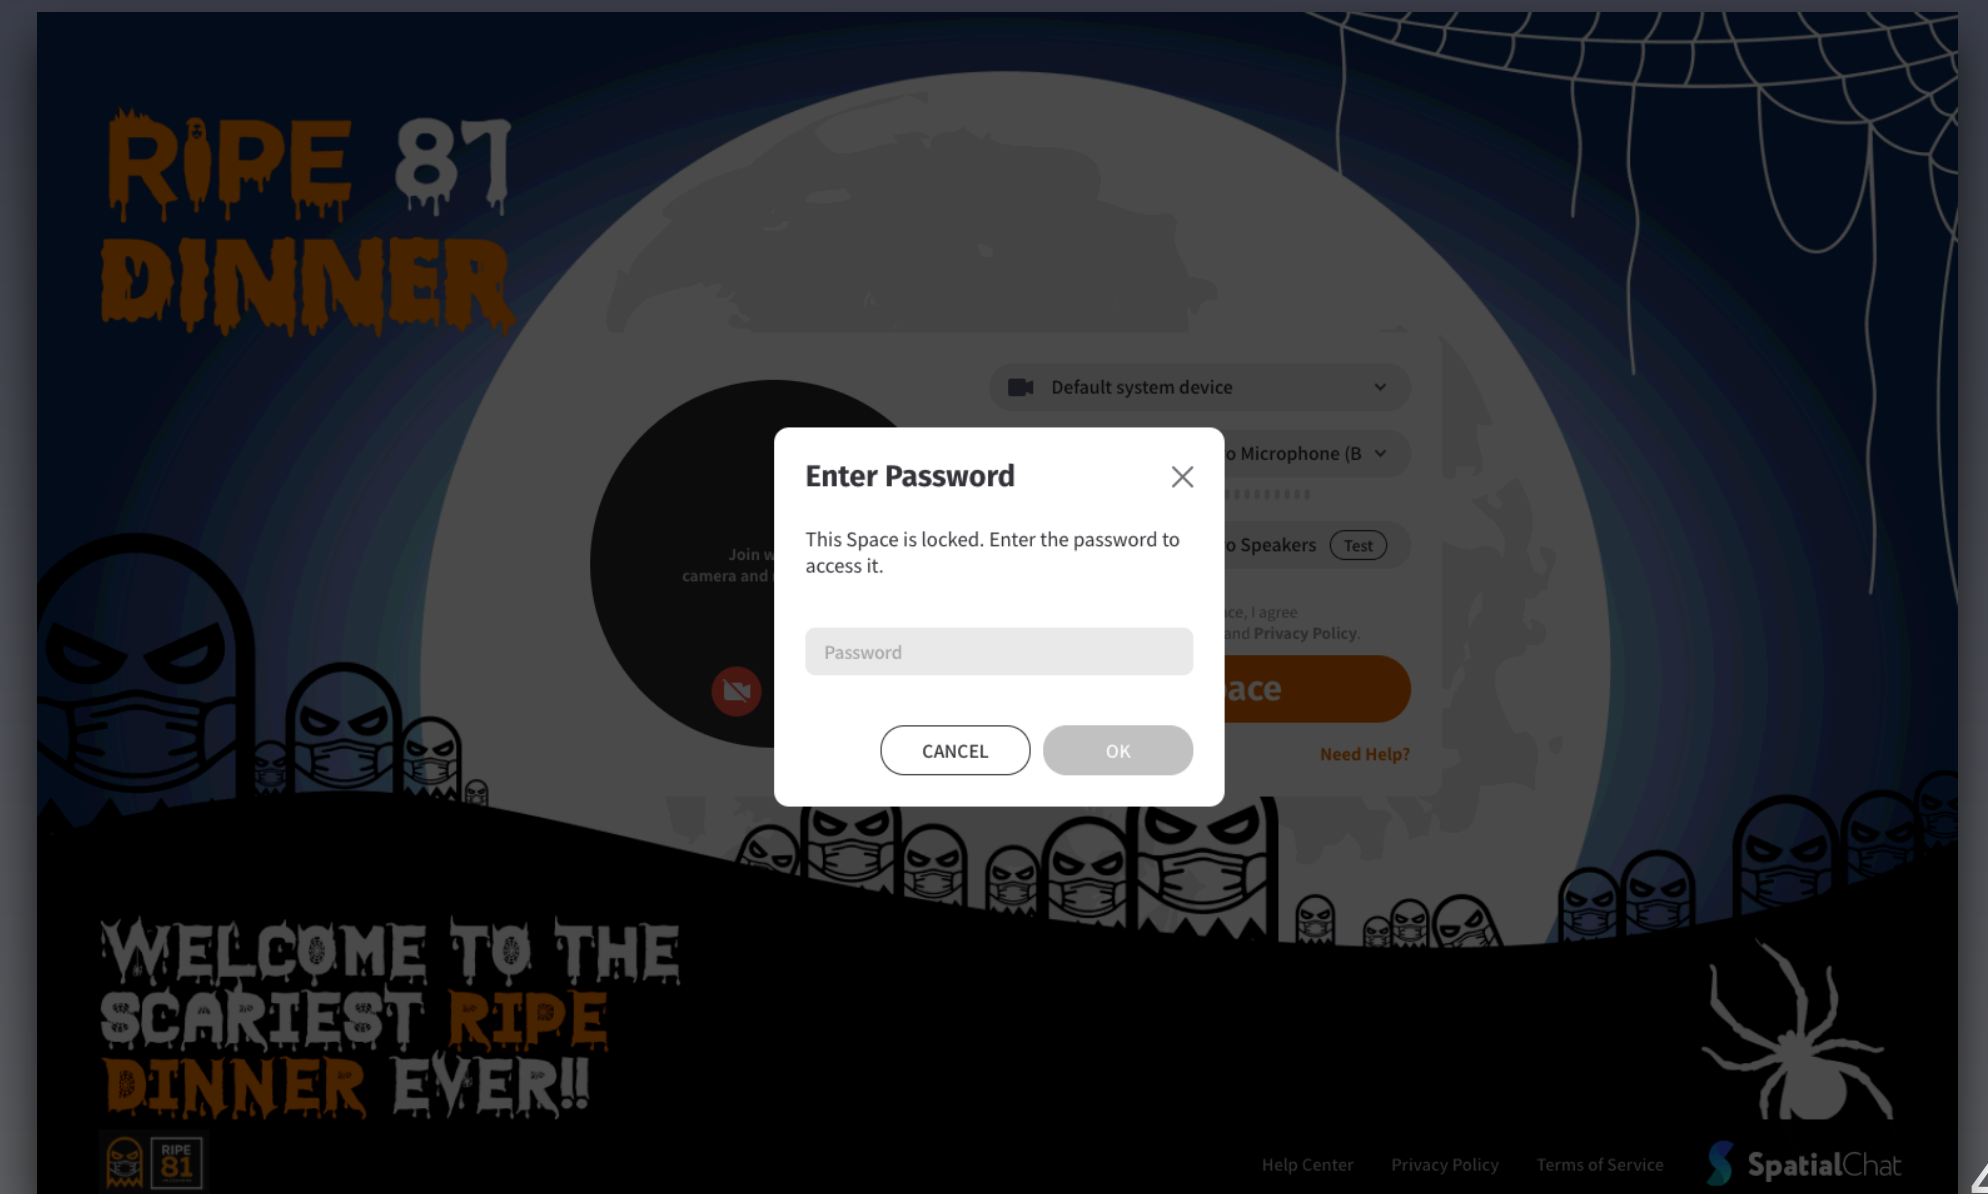

1.

2.

3.

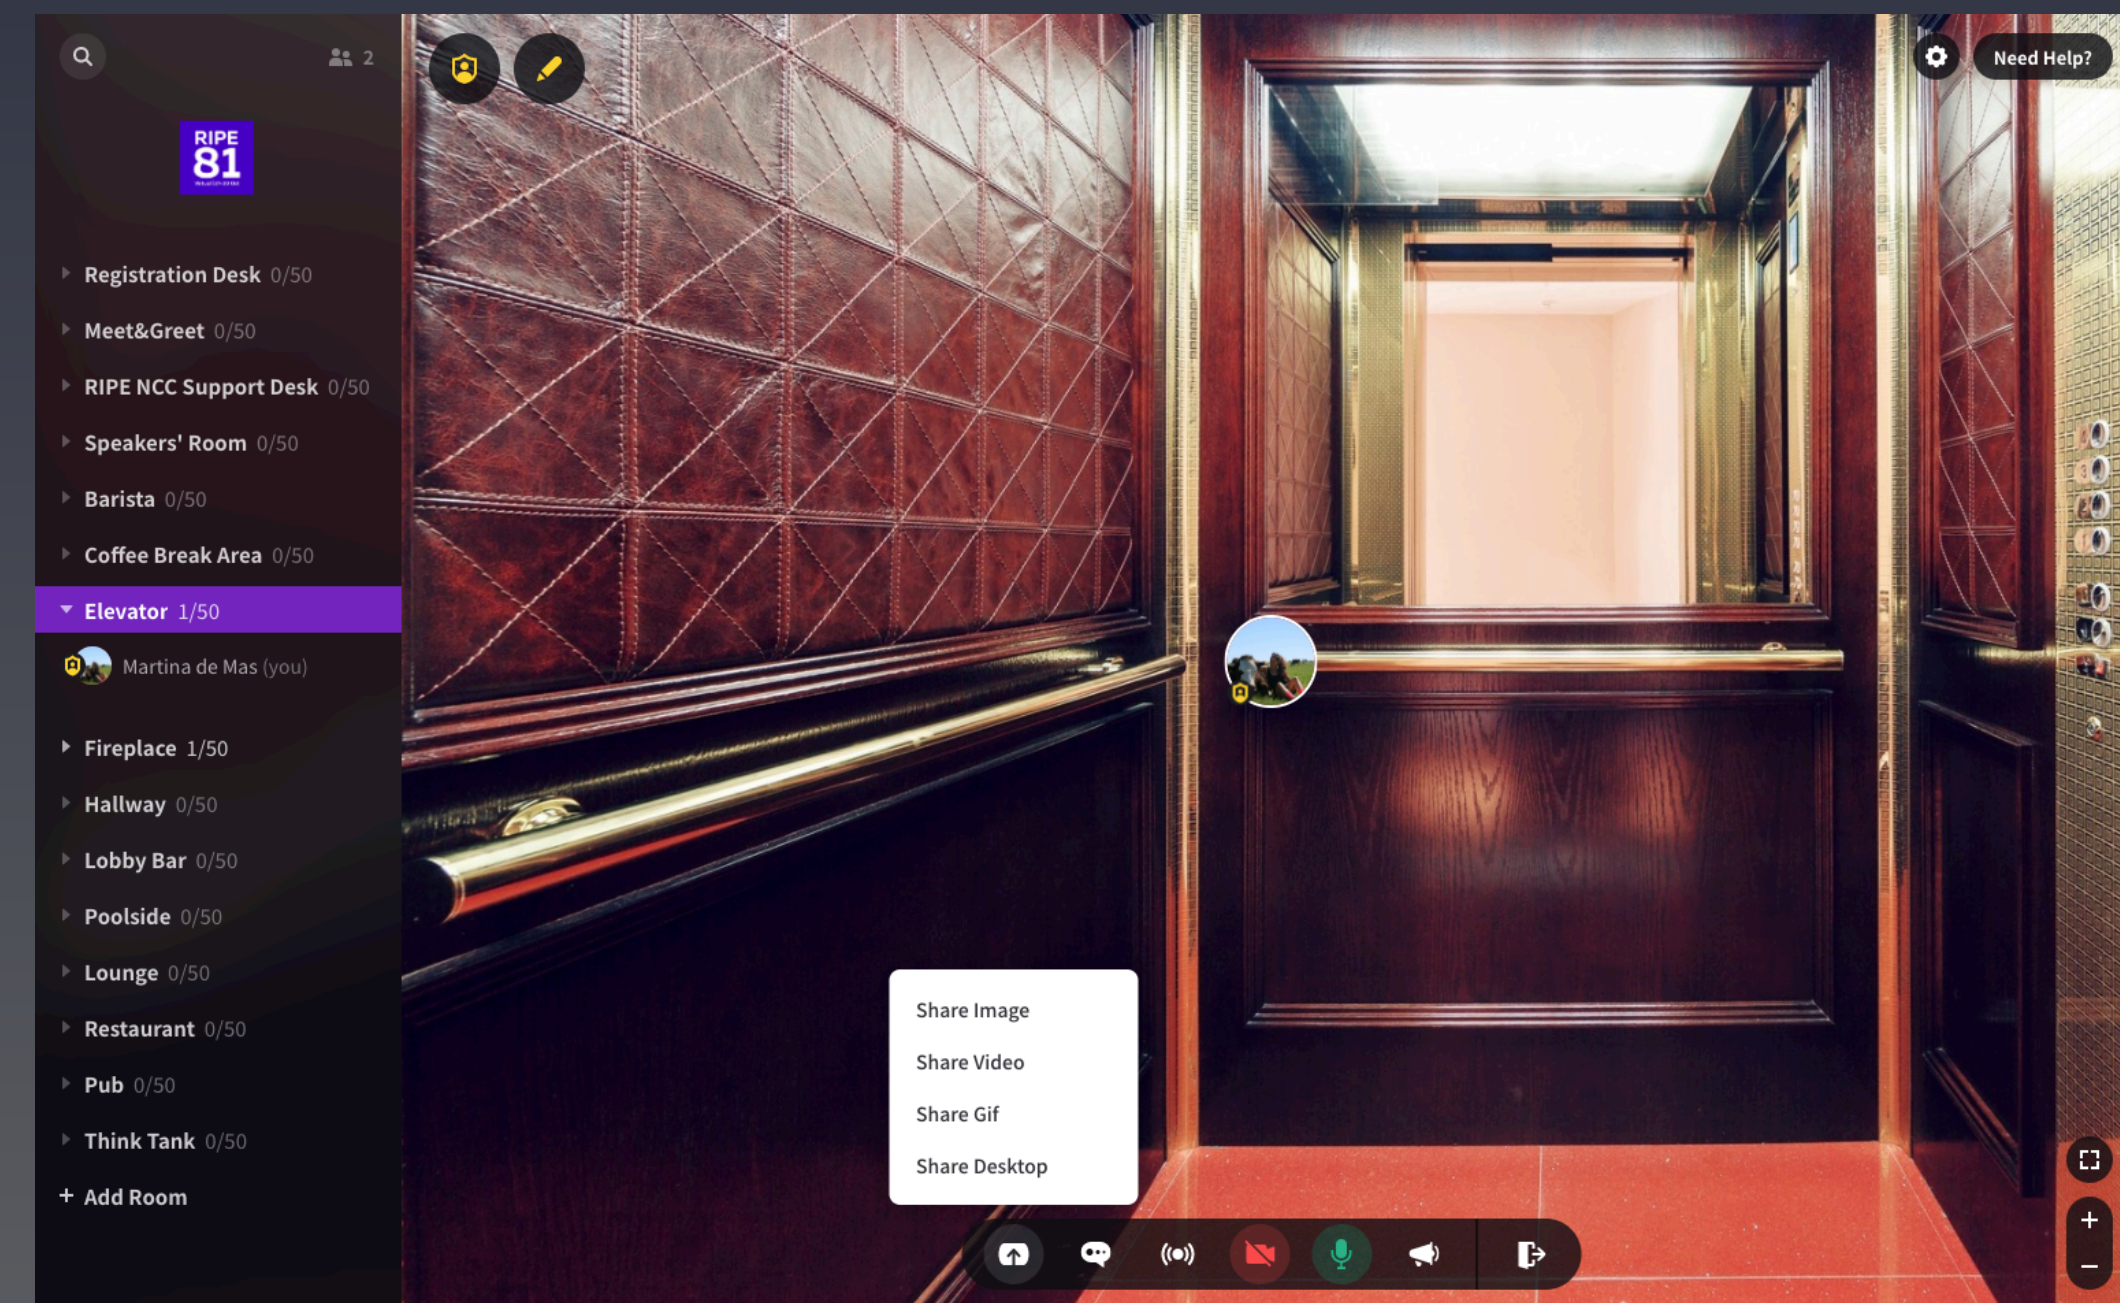

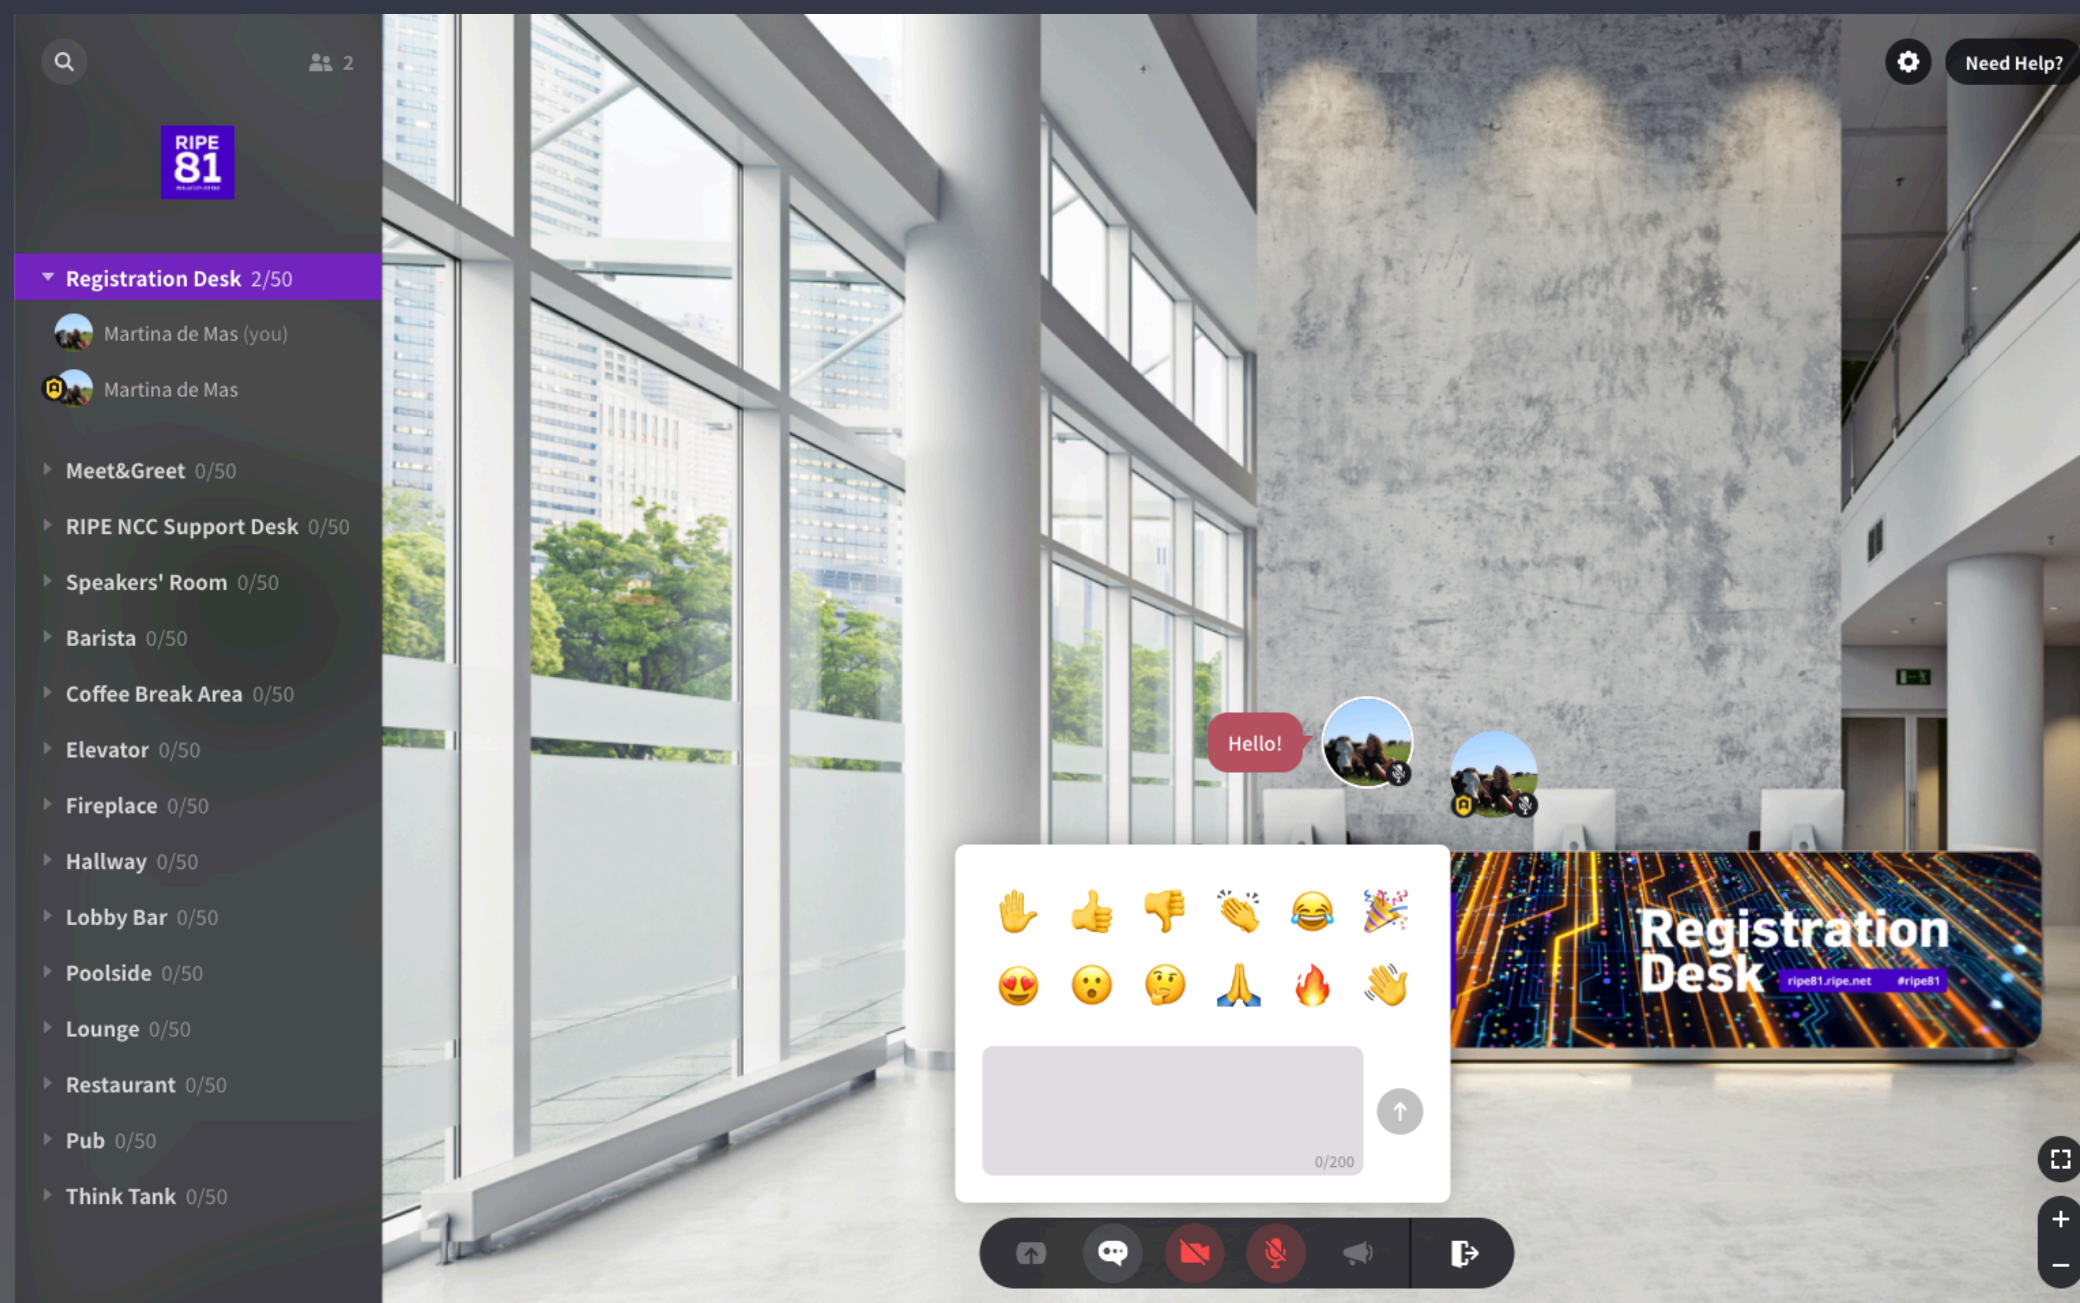

4

Participant Interface

- You can move in or out of different rooms
- You can see who is in a specific room and connect by clicking on the participant's name
- Option to chat and share gifs, images, YouTube videos, your desktop, emojis with the room

Admin Interface

Space Settings

- Space Password
- Room Permissions
- Billing

Customization Done

- 📺

- Zombie Land 0/50
- Swamps 0/50
- Catacombs 0/50
- Mummy's Tomb 0/50
- Spooky Dancefloor 1/50**

Room Details (Spooky Dancefloor):

- 👤 Martina (you)
- + Add Room

Broadcast Overlay:

Broadcast ✕

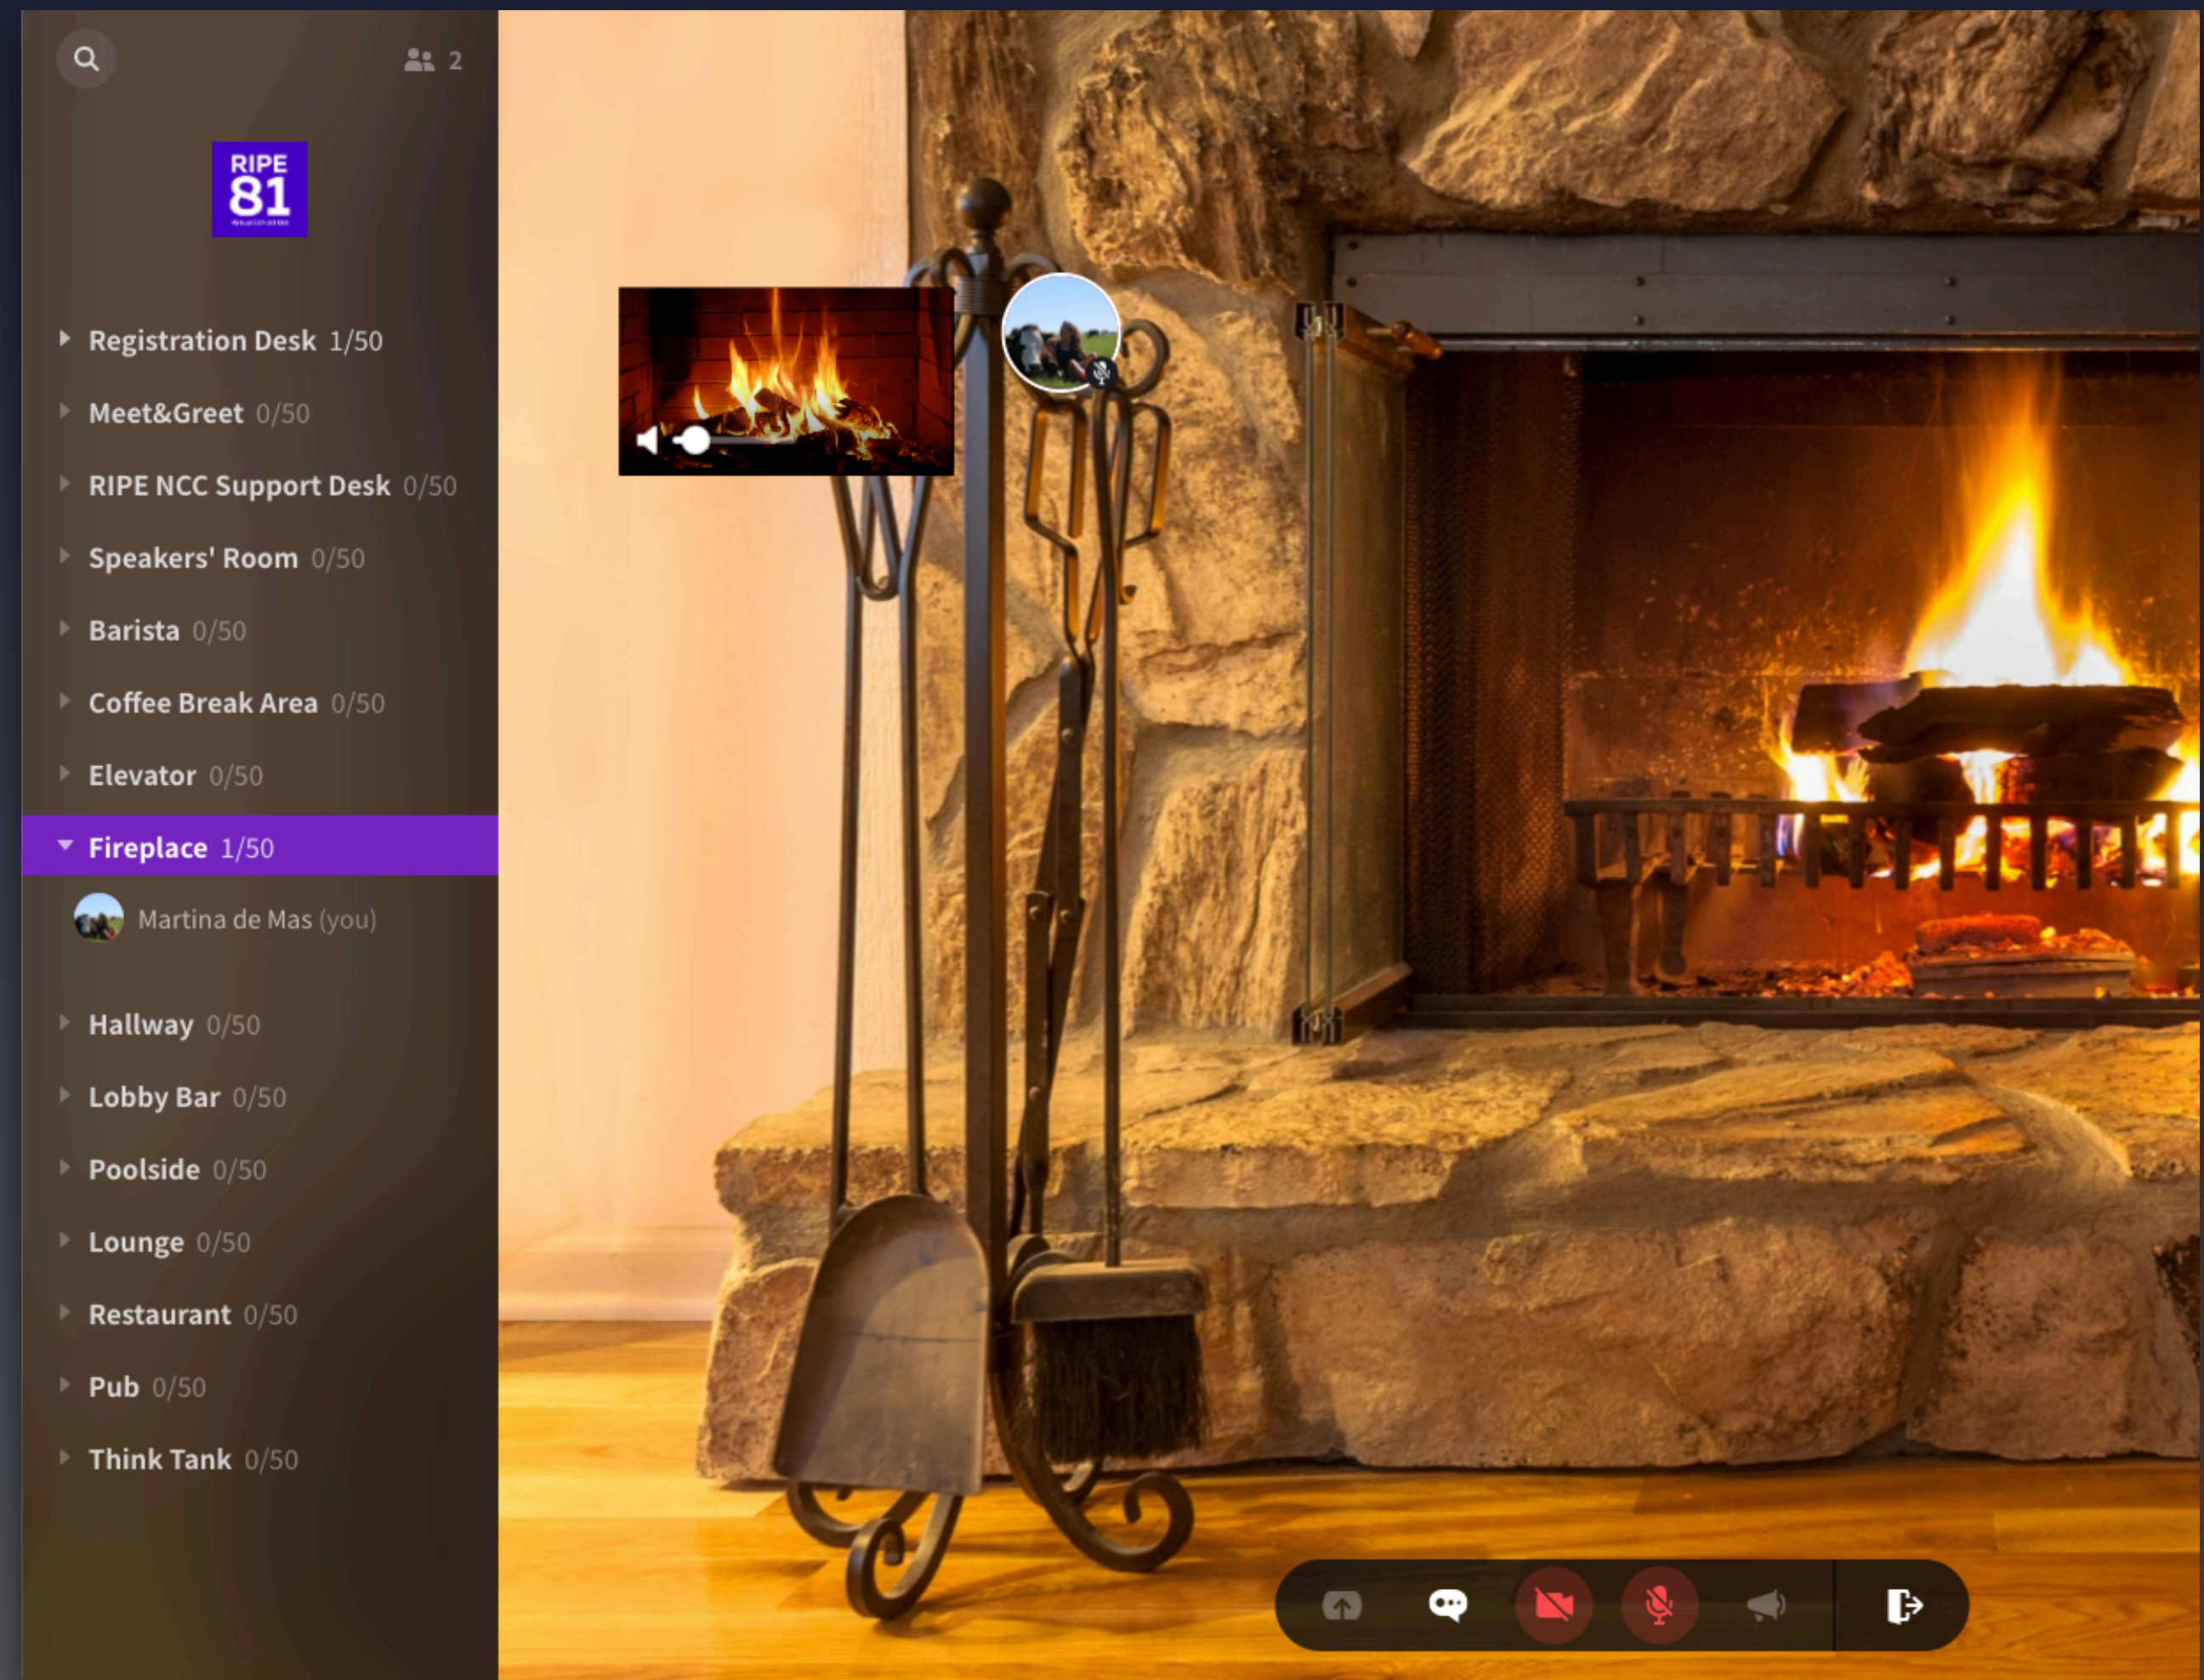

While in Broadcast, you will be seen and heard by the whole Space, but you will not be able to hear the other people in the Space.

Start Broadcast

Limitations

- Max 50 people per room
- No private talks / chat
- CPU consuming
- No stats interface
