Dear Euralo and the At-Large community members!

Until the end of the ICANN71 we will keep this page for the updates and information about EURALO activities at ICANN71. This Policy meeting takes place in Europe, in The Hague (virtually) that is why EURALO takes the lead in organizing three significant events in June:

EURALO Policy session - we are working on the actual content and the list of the best speakers

EURALO Global Town Hall Event - absolutely new format, new opportunity to learn more about ICANN, At-Large and EURALO work and have a talk with leaders of the community!

EURALO Social event that will be a great opportunity to finalize the ICANN71 and jump deeper in the atmosphere of the host country and the city of The Hague. Please stay tuned for updates and announcements [here](#).

And we also remind you that **EURALO takes the lead in working on Social Media and promoting information about the ICANN71 At-Large and associated SO/AC sessions**. Therefore we kindly remind you that is our common goal and common work and ask you to help, actively participate and invite interested people to the dialogue!

LACRALO Leads the Promotion of Universal Acceptance in the LAC Region

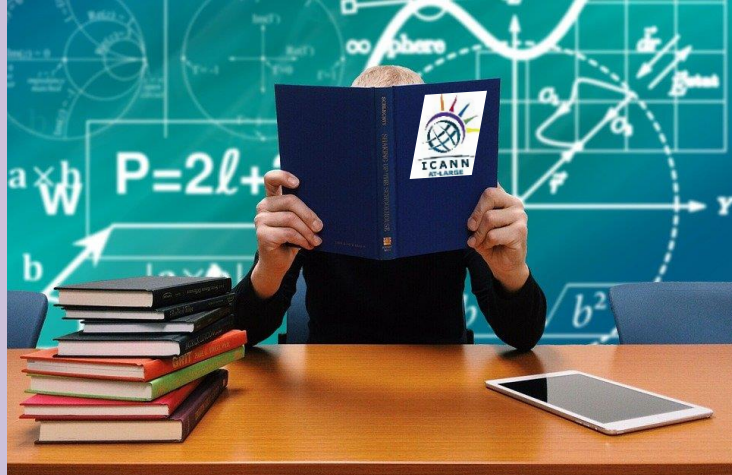

[LACRALO Leads the Promotion of Universal Acceptance in the LAC Region](#)

ICANN and Latin American and Caribbean Islands Regional At-Large Organization (LACRALO) have partnered together to host a Universal Acceptance (UA) training series for the LAC community. **The four sessions will be held throughout the month of May** and provide participants with training in the technical aspects of UA and Email Address Internationalization (EAI). This initiative is part of ICANN's [Regional Universal Acceptance Training Program](#).

At-Large Community Launches Two ICANN Learn Courses

Two new courses about the At-Large community are now available on ICANN Learn. The first course provides an introduction to the At-Large community and the At-Large Advisory Committee (ALAC), how they function within the ICANN community, and how end users can start and continue their involvement. The second course, "ICANN Policy Development: A Guide for At-Large Participants" provides a deeper dive into how the ALAC develops policy advice and forms policy positions. [Take the courses!](#)

We thank NARALO for sharing the records of **The ALAC and Board Meeting, post ICANN70!**

[ICANN DNS Symposium | May 2021](#)

The fourth ICANN DNS Symposium (IDS 2021) will be held virtually from 25 to 27 May 2021, in the +2 UTC time zone.

The theme for the ICANN DNS Symposium (IDS) 2021 is: "DNS ecosystem security: we're all in this together". As the DNS protocol and its ecosystem have matured, the risk tradeoffs and threat landscape have evolved with it. IDS 2021 will focus on measurements and mitigation measures driven by continued progress lead by community work.

The [#ICANN70](#) By the Numbers Report is now available which contains information about participation in ICANN70 by session, region, and more <https://go.icann.org/3xwl2eE>

Proposal for Latin Script Root Zone Label Generation Rules (LGR)

The Latin script community has formed the Latin script Generation Panel (GP), which in turn has developed the Proposal for the Latin Script Root Zone Label Generation Rules. As per the [LGR Procedure](#), this proposal is being posted for public comments to allow those who have not participated in the Latin script GP to make their views known to the GP. Based on the feedback, the Latin script GP will finalize the proposal for submission for integration into the Label Generation Rules for the Root Zone.

Proposal for Myanmar Script Root Zone Label Generation Rules (LGR)

The Myanmar script community has formed the Myanmar script Generation Panel (GP), which in turn has developed the Proposal for the Myanmar Script Root Zone Label Generation Rules. As per the [LGR Procedure](#), this proposal is being posted for public comments to allow those who have not participated in the Myanmar script GP to make their views known to the GP. Based on the feedback, the Myanmar script GP will finalize the proposal for submission for integration into the Label Generation Rules for the Root Zone.

North America Engagement Plan

The GSE North America team along with a community advisory group will develop the next iteration of the North America Region Engagement Plan. The team expects to provide the draft plan for public comment to get additional input from the community after which the plan will incorporate input received and published.

Domain Abuse Activity Reporting (DAAR) 2.0

Domain Abuse Activity Reporting (DAAR) 2.0 is seeking public comments.
