

.fi allocated by Jon Postel to
Tampere U. of Technology 1986

Government took over 1997

Registry-registrar model 2016,
Residency requirements scrapped

520 000 domains, + 20% during
the pandemic

Financial stability, reliability

Clear responsibilities and rights written in law

Oversight over registrars, push to reduce abuse:
“Know your customer”

If changes needed, process is slow

Budget cuts have shrank the domain team
to minimum
