I am E-senior member's, an EURALO ALS, in charge of liaising with ICANN (At-Large, Euralo...) and AFNIC (.fr).

I am also developing activities for E-senior in Burgundy.

I am more focused on outreach and engagement activities, and I was just confirmed for another term as Euralo rep in AASC (ALAC Subcommittee on Appointee Selection).

I am a regular participant to the CPWG, EURALO monthly calls...

As Human Resources professional my skills can be considered in my future engagement for At-Large and Euralo.

After ATLAS III, I have enhanced my knowledge about ICANN structures and processes, and I am happy to accept nomination to another term as Euralo board member as I think it is a good thing to do a second term and to stay involved within Euralo.

And it is also important to keep some gender balance within the EURALO Board.

Thanks

Yours

AMJB
