Coming Soon: Zoom Security Poll

- **Current Zoom security measures for APAC Space sessions are temporary**

- **Quick survey on your preferred Zoom security measures**

Key Question: Which Zoom security measure do you prefer?

Zoom Option	Pros	Cons
A) Zoom Waiting Room (current arrangement)	- No action required by participants. - Less likely that Zoombombers can enter a session.	Participants may be stuck in Waiting Room if they cannot be identified.
B) Zoom Registration	Zoombombers may be deterred by needing to register.	- Participants must register for each APAC Space session. - Latecomers still need to register to enter. - Participants must join using Zoom desktop client or mobile app only (i.e. not web browser). - Zoombombers may still gain entry to a session.
