1 **1 Introduction and Background**

2  
3 According to the ICANN Bylaws, the ccNSO as member of the Empowered Community has the right to  
4 seek the removal of:

- 5 1. A Director Nominated by the Nominating Committee holding Seats 1 through 8 by initiating the  
6 **NOMCOM Appointed Director Removal Process** (as described in section 4 of this Guideline).  
7 2. A Director Nominated by the ccNSO per Section 7.2(a) of the Bylaws by initiating the **ccNSO**  
8 **Director Removal Process** (as described in Section 5 of this Guideline)  
9 3. All Directors (other than the President) at the same time by initiating the **Board Recall Process** (  
10 as described in section 6 of this Guideline)  
11

12 The process for removal of a Director appointed by another Supporting Organization or Advisory  
13 Committee is out of the scope of the ccNSO. This Guideline does not apply to the initiation of such a  
14 removal process. The ccNSO procedures to participate in a community forum and/or support the removal  
15 petition of other SO or AC are described in section 7 of this Guideline.  
16  
17

Commented [MOU1]: To be updated after completion of  
NomCom removal and full board removal process

18 **2 Purpose of the Guideline**

19 The purpose of this Guideline is to describe the roles, procedures and actions for the ccNSO in its capacity  
20 as a Decisional Participant concerning the removal of individual members or full ICANN Board of Directors.  
21 For purposes of this Guideline, the ccNSO consists of the ccNSO Council and ccNSO Membership<sup>1</sup>, each  
22 with their respective roles and responsibilities.  
23  
24

25 **3 General Provisions**

26 **3.1 Representation of the ccNSO**

27 The ccNSO interacts with other Decisional Participants, the Empowered Community Administration, and  
28 ICANN through the ccNSO Council. For purposes of this Guideline, the ccNSO Council is represented by  
29 the **Removal Process Manager**.  
30  
31

<sup>1</sup> **Applicability of the Rules of the ccNSO.** According to the Rules of the ccNSO, a Council decision comes into effect 7 days after publication unless 10% of the ccNSO Membership notify the Chair of the they require a mebership vote to ratify or veto a Council decision. If the 10% threshold is met, a membership vote must be held and may start at its earliest five (5) days after the notification, and has to stay open for at least 14 days after the start of the vote. The member's vote is subject to a quorum rule: At least 50% of the members have to cast their vote in order to have a valid vote.

The Rules of the ccNSO are internal rules and operating procedures of the ccNSO in accordance with Article 10, section 3.k and Article 10 section 4.b of the ICANN Bylaws. These rules and procedures have to be consistent with the ICANN Bylaws (section 10.3 (k)). Therefore the timelines prescribed in the relevant section of Annex D of the ICANN Bylaws are paramount. For this reason NO decision of the Council with respect to the Board Removal section is subject to the Rules of the ccNSO. See note section 5.3.5.

1 **3.2 Appointment of the Removal Process Manager.**

2 The ccNSO Council will appoint a ccNSO Councillor to serve as the **Removal Process Manager** and one  
3 other Councillor as the **Alternate Removal Process Manager**. To ensure continuity of process(es), the  
4 Alternate shall step in and take over the role and responsibilities of **Removal Process Manager** if the  
5 Councillor who is appointed as such is prevented from performing that role. The Alternate Removal  
6 Process Manager shall be copied in correspondence and participate in meetings as much as possible,  
7 however without taking any action, vote or be active in any other way, up and until the Alternate needs  
8 to step in. If both the Manager and alternate are not available, the ccNSO Chair is expected to and shall  
9 designate one or more other Councillor(s) to act as **Removal Process Manager**. Neither the ccNSO  
10 representative to the Empowered Community Administration (hereafter: **ECA**) nor the Rejection Action  
11 Petition Manager shall serve as the **Removal Process Manager**.

12 The appointment of the **Removal Process Manager** will be for one year, and the Manager may be re-  
13 appointed, provided the Manager remains a member of the ccNSO Council. When the **Removal Process**  
14 **Manager** is appointed by the ccNSO Council or the Chair, all other Decisional Participants, the **ECA**, the  
15 ccTLD Community and the ICANN Corporate Secretary will be informed.

16  
17 **3.3 Obligations of the Removal Process Manager.**

35 limited to ICANN's Corporate Secretary, is email.

36  
37 All ccNSO information and communication concerning a Removal Process under this Guideline will be  
38 archived. For each Removal Process the ccNSO Secretariat will create a separate web page, wiki space  
39 section and archive, which will include:

28 requested the forum to be held in conjunction with an ICANN meeting, the ccNSO Director Removal  
29 Action Community Forum Period shall start at the expiration of the **ccNSO Removal Petition Period** and  
30 ending on the 21st day after the expiry of the **ccNSO Removal Petition Period** at 23:59 (Pacific Time).  
31

32 If the **ccNSO Director Removal Action Community Forum** shall be held during the next  
33 scheduled ICANN public meeting as requested by the ccNSO and on the date and at the time determined

46 Council meeting by the eighth (8<sup>th</sup>) day before the end of the **ccNSO Director Removal Action**

1 **Community Forum Period.** This meeting is intended to allow for a timely Council decision on the issue  
2 identified in the **ccNSO Director Removal Petition**.

3 **5.3.4 Community Feedback.**

4 The **Removal Process Manager** will request the ccTLD community to provide input and / or feedback  
5 from the ccTLD community on the **ccNSO Director Removal Community Forum**. The input and / or  
6 feedback is required to be provided through the ccNSO Council to the Empowered Community  
7 Administration. How the input and feedback from the community will be provided to the Empowered  
8 Community Administration will be determined by the ccNSO Council before giving such feedback. For  
9 example, the ccNSO Council could decide that the most appropriate manner will be a ccNSO Statement  
10 according to the ccNSO Statement procedure.

11 To determine the most appropriate course of action, the ccNSO Council will take into account and will  
12 be guided by the anticipated timelines, the importance of the matter under consideration for the ccTLD  
13 community as indicated by the quantity and quality of the feedback and input received by the ccNSO  
14 Council and other factors deemed relevant by the ccNSO Council.

15  
16 **5.3.5 Results of Community Forum to be shared with ccNSO Council and ccNSO Membership.** To

44  
45

**Commented [MOU19]:** This is majority of Councillors (18 Councillors) and additional requirement of regional representation.

**Commented [MOU20]:** Rationale, effective it means that 18 members can overturn any decision of the Council by asking for a vote, as this automatically means the group overruns the timeline.

3 request of the ECA, ICANN shall issue a request for comments and recommendations. The **ccNSO**

23 **Removal Decision Period**, the ccNSO shall decide whether or not the ccNSO supports  
24 the **ccNSO Director Removal Petition**.

25 In taking its decision, the **ccNSO Council** shall consider:

7 at least 34 % of the ccNSO Members indicated not to support the decision of the ccNSO Council.  
8 The Rules of the ccNSO do NOT apply to this decision of the ccNSO Council.

Commented [MOU23]: If 34 % of the membership does not support the petition it means that there is no supermajority amongst the members. Assuming that 66 % of the membership is considered a supermajority.

#### 11 5.5.2.2 ccNSO Council Decision to reject the ccNSO Director Removal Petition

12 If the ccNSO Council does not support the ccNSO Director Removal Petition (i.e., there is no

17  
18 The Decision shall become effective on the 20<sup>th</sup> day of the ccNSO Director Removal Decision  
19 Period at 23.59 UTC unless by the 20<sup>th</sup> day into the ccNSO Director Removal Decision Period,  
20 UNLESS at least 67 % of the ccNSO Members indicate support for the ccNSO Director Removal

29 Removal Petition, the ccNSO Director Removal Petition is deemed to be supported.

Commented [MOU25]: This needs to be discussed with the members! Principle decision. Possibly: run a webinar explain this and then circulate draft for comments.

32 The ccNSO Council is advised to discuss how the ccNSO community should provide input and feed-back

35

38 Following the ICANN announcement to convene a **Board Recall Community Forum**, the Chair of the  
39 ccNSO Council shall schedule a Council meeting for final decision making on the **Board Recall Supported**  
40 **Petition(s)**.  
41

<sup>9</sup> ICANN Bylaws, Annex D, section 3.3 (d) (ii)

1 This ccNSO Council meeting should be scheduled by (no later than) the eleventh (11<sup>th</sup>) day of the **Board**  
2 **Recall Supported Petition Decision Period**, which directly follows the Community Forum Period.

#### 3 4 **6.5.2 The ccNSO Decision**

5 No later than on the eleventh (11<sup>th</sup>) day at 23.59 UTC of the Decision Period, the ccNSO Council must  
6 have decided whether to:

- 7 • Support the **Board Recall Supported Petition** (and thereby support the removal of the Board),
- 8 • Object to the **Board Recall Supported Petition**, or
- 9 • Abstain from the matter. Abstention will not count as support or objection to a **Board Recall**  
10 **Supported Petition**.

11 In taking its decision, the ccNSO Council shall consider:

- 12 • the feed-back, views and input received from the ccNSO Community regarding the **Board Recall**  
13 **Supported Petition**;
- 14 • the importance of the matter for the ccNSO Community and other factors deemed relevant by  
15 the ccNSO Council.

16 The ccNSO Council decision to support the **Board Recall Supported Petition** has to be taken with a  
17 super-majority of 14 votes and one from each of the Geographic Regions.

25 the meeting and the ccNSO community shall be informed about the decision by the **Removal Process**  
26 **Manager**.

Commented [BB35]: Bote the difference

27  
28  
29 If the ccNSO Council decision is not effective by the 20<sup>th</sup> day at 23.59 Pacific Time of the **Board Recall**  
30 **Supported Petition Decision Period** (as defined in the ICANN Bylaws), the ccNSO is deemed to have  
31 abstained from the matter.

---

<sup>10</sup> To make this work the first question has to be who supports the Petitions, if threshold is not met, second question needs to be who rejects the petitions, if none of these positions meet the required thresholds, the ccNSO is deemed to have abstained. The kind of ccNSO decision - support, reject or abstain - is relevant to determine the overall level of support for a NOMCOM Director Removal Supported Petition, see Annex D section [Section 3.1\(g\)](#).

1 **6.5 Alternative 2: Board Removal Decision**

2 **6.5.1 Definition Board Recall Decision Period.** The **Board Recall Decision Period** shall start at  
3 the end of the expiration of the **Board Recall Community Forum Period** and close on the  
4 twenty-first 21<sup>st</sup> day at 23.59 Pacific Time after the expiry of this period.

5  
6 **6.5.2 Decisions During the Board Recall Decision Period.** During the **Board Removal Decision**  
7 **Period**, the ccNSO shall decide whether or not the ccNSO supports the **Board Removal**  
8 **Supported Petition**.

9 In taking its decision, the ccNSO Council shall consider:

- 10
- the feed-back, views and input received:
    - The Petitioner, if any
    - the ccNSO and broader ccTLD Community, if any
    - during the **Board Removal Community Forum**
    - From the Board, if any
  - Other factors deemed relevant by the ccNSO Council.
- 11  
12  
13  
14  
15

16 The ccNSO Council decision whether to support or reject the **Board Recall Supported Petition**  
17 has to be taken ultimately at the eleventh (11<sup>th</sup>) day at noon (12.00) UTC into the **Board Recall**  
18 **Decision Period**.

19 The ccNSO Council decision shall be published on the ccNSO Website immediately following the  
20 closure of the meeting and shall include an explanation of its decision.

21  
22  
23 The Rules of the ccNSO do NOT apply to any of the decisions of the ccNSO Council during the  
24 **Board Recall Decision Period**.

25  
26  
27 **6.5.2.1. Supermajority ccNSO Council Decision to support the Board Recall Supported**  
28 **Petition.** The ccNSO Council decision to support the **Board Recall Supported Petition**  
29 must be taken with a supermajority of 14 or more Councillors and at least one from  
30 each of the ICANN Geographic Regions.

31  
32 The Decision becomes effective on the 20<sup>th</sup> day of the **ccNSO Director Removal Decision**  
33 **Period** at 23.59, UTC. **UNLESS** by the 20<sup>th</sup> day into the **Board Recall Decision Period** at  
34 least 34 % of the ccNSO Members indicated not to support the decision of the ccNSO  
35 Council. **The Rules of the ccNSO do NOT apply to this decision of the ccNSO Council.**

**Commented [MOU36]:** If 34 % of the membership does not support the petition it means that there is no supermajority amongst the members. Assuming that 66 % of the membership is considered a supermajority.

36  
37  
38 **6.5.2.2 ccNSO Decision to reject the Board Recall Supported Petition**

39  
40 If the ccNSO Council does not support the **Board Recall Supported Petition (i.e., there is**  
41 **no supermajority to support the Petition)**, the Decision shall become effective on the  
42 20<sup>th</sup> day of the **Board Recall Decision Period** at 23.59 UTC **UNLESS** by the 20<sup>th</sup> day into  
43 the **ccNSO Director Removal Decision Period** at least 67 % of the ccNSO Members  
44 indicate to support the **Board Recall Supported Petition**.

**Commented [MOU37]:** This is a supermajority of more than 2/3 of the membership who support the petition

45  
46 **6.5.2.3 No ccNSO Decision or too late**

1 If the ccNSO Council has not decided by the 11<sup>th</sup> day at noon (12.00) UTC into the **ccNSO**  
2 **Director Removal Decision Period**, the ccNSO Council shall be deemed not to support  
3 the **ccNSO Board Removal Petition**. The **Removal Process Manager** shall inform the  
4 community accordingly by the 11<sup>th</sup> day at 23.59 UTC. If by the 20<sup>th</sup> day into **ccNSO**  
5 **Director Removal Decision Period** at least 67% of the ccNSO Members indicate to  
6 support the **ccNSO Director Removal Petition**, the **ccNSO Director Removal Petition** is  
7 deemed to be supported.

**Commented [MOU38]:** This need to be discussed with the members ! Principle decision. Possibly: run a webinar explain this and then circulate draft for comments.

## 10 **6.6 Board Recall Notice**

11 As soon as the ccNSO Council's decision has become effective, and prior to 21<sup>st</sup> day, 23:59 Pacific Time  
12 (the local time of the LA office of ICANN) the **Removal Process Manager** MUST have conveyed a notice  
13 to the Empowered Community Administration and the ICANN Secretary whether the ccNSO supports,  
14 rejects or abstains from the **Board Recall Supported Petition**. This notice shall be published on the  
15 relevant ccNSO and ccTLD mailing lists, as well as the ccNSO website/wiki.

16  
17 In the event that the ccNSO Council has been deemed to have abstained (i.e. has not taken a timely  
18 decision according to section ), the **Removal Process Manager** shall inform the Empowered Community  
19 Administration and the ICANN Secretary accordingly within the timeline mentioned in this section. This

**Commented [BB41]:** What does this imply in times of virtual meetings

11  
12 7.4 Once a DP NOMCOM Director Removal Petion or Board Recall Petion has become a **NOMCOM**

13 **Director Removal Supported Petition** or **Board Recall Supported Petition**, sections 4.4, 4.5 and 4.6 and

14 6.4, 6.5 and 6.6 apply accordingly.

## 15 **8. Miscellaneous**

### 16 **8.1 ccNSO Internal Guideline**

17 This Guideline is an internal Operational Procedure of the ccNSO per Article 10 section 3.11 and Article

18 10, section 4.2 of the ICANN Bylaws.

19

### 20 **8.2 Omission in or Unreasonable Impact of the Guideline**

21 In the event the Guideline does not provide guidance and/or the impact is unreasonable to conduct the

22 business of the ccNSO or the ccNSO Council, the Chair of the ccNSO Council will **decide**.

23

**Commented [MD42]:** Maybe add here 'except to the extent the applicable bylaws rquire otherwise' or something like that.

### 24 **8.3 Publication and Review of the Guideline**

25 To become effective the Guideline must be published on the ccNSO Wensite after adoption by the ccNSO

26 Council.

27

28 The Guideline will be adjusted when considered necessary. To become effective, the updated Guideline

29 must be adopted by the ccNSO Council and published on the ccNSO website.

30

31 Before publishing the updated Guideline, the Secretariat will adjust the version number and insert the

32 date the Guideline was reviewed and adopted by the ccNSO Council

33

34

1 **Observations:**

- 2 1. Guideline needs to be checked by ICANN legal, due to impact  
3 2. Dependency on ICANN services, i.e. third party services in general, This is an issue given the deadlines  
4 and their consequences: What if a deadline is missed due to technical problems?  
5  
6 3. Question: The Bylaws are construed around the ICANN in-person meetings. How does the virtuality of  
7 meeting impact the Bylaw set dates: example under this Guideline ( and Annex D of the Bylaws) Section  
8 5.3.2: 5.3.2 ccNSO Director Removal Action Community Forum Period. Unless the ccNSO Council has  
9 requested the forum to be held in conjunction with an ICANN meeting,  
10 See also Annex D, Section 3.2.(d) (ii): *the SO/AC Director Removal Community Forum be held during the*  
11 *next scheduled ICANN public meeting, in which case the SO/AC Director Removal Community Forum shall*  
12 *be held during the next scheduled ICANN public meeting on the date and at the time determined*  
13 *by ICANN*  
14

15 **Final Decision by the ccNSO on Removal Petition**

16 Need to strike a balance decision making by the Council and role of the Members. Note that due to  
17 timelines and a limited number of members who can ask for a vote, the Rules can not apply. See also  
18 Footnote and Section 10.3 (k) of the Bylaws.
