How has your learning of the topic improved after this Webinar
I think that as a beginner I need more coaching to obtain certain skills.

Definitely yes

Learnt alot. Need time to digest all the information provided and the walk through exercises.

It greatly strengthen my understanding of the details of the process.

bof

I need to do a LOT of reading on this topic but now I know the questions I have.

Call for more learning...

I could write a phd thesis to answer this question

Improved a lot

Is there anything that could have helped improve this Webinar? We would love to hear your suggestions.
Maybe divide the alternative on two sections

Much more time - a LOT of material

Another edition or two sessions would be great.

For future planning, what would you consider your ideal session? What topic?

Unified DNS for One Internet

Maybe break this topic into slightly smaller pieces and present those.
