Open Proceeding Guided Submission Form Template

Public Comment Proceeding for Implementation Plan for Registration Data for gTLD Consensus Policy Recommendation 27

Description:

This public comment forum is intended to gather community feedback on the proposed changes and impact of the EPDP Phase 1 Recommendations on the existing policies and procedures listed below.

This proposed policy represents the Stage-Two following the Interim Registration Data Policy for gTLDs published on 17 May 2019.

Category: Consensus Policy

ICANN org Contact(s): Dennis.Chang@icann.org, Isabelle.Colas@icann.org

Instructions:

This guided submission form will lead the public through the review of existing policies and procedures impacted by the Registration Data Policy.

Please review each policy or procedure thoroughly and provide input on whether the suggested redlined changes accurately reflect the intent and scope of the Registration Data Policy.

It is highly advised that you review and complete the public comment for the Registration Data Policy prior to reviewing the Recommendation 27 Impacted Policies & Procedures below.
