Action Items

1. Review of Action Items from 2 March 2022 Meeting
2. Work Items
 - a. RSSO Model - Next steps

AI: SS to start a draft note to summarize RSSAC Admin Team's interpretation from the 14 March RSSO Model Briefing discussions and ask the question to see whether or not there is appetite to move forward with the RSSO model at this point in time and whether another rso-consultation group call needs to be scheduled.
 - b. RSSAC Statement on the Evolution of the Root Server System Governance - [Draft document](#)

AI: SS and Ken to work together to address editorial updates. Ken will send a note to RSSAC mailing list to solicit additional input on the draft document.
 - c. Public Comment: [Root Zone Update Process Study](#)

AI: OS to share the link to the report on the RSSAC mailing list and flag that this item will be added to the agenda of the RSSAC April meeting to see whether RSSAC would like to provide input to this Public Comment proceeding or not.
3. RSSAC April meeting - [Draft Agenda](#)
4. Understandings of Advice for RSSAC057

AI: OS to check with Local Perspective WP support staff AM on ICANN org.'s understanding of the recommendations.
5. AOB
 - a. Liaison review meetings

AI: FB to send OS a pdf of his calendar for the week of 28 March. OS to reach out to liaisons to schedule review meetings with Fred.
