Euralo (ABR) DNS Abuse seminar

From JKA

DNS Abuse

A. Moderator & organizer Joanna

B. Possible Speakers

- A. Introduction
- B. ALAC
- C. ICANN org
- D. European Commission
- E. OCDE
- F. Internet Society (World/Europe)
- G. University????
- H. University???
- I. ...

To be confirmed
& if so updated

- The proposed timeslot offers some flexibility. I suggest splitting it up into two hour long sections with a short break. Since the DNS Abuse ABR has been successfully completed, we are flexible to decide the focus of our workshop. I suggest we use it to explore two trajectories: cooperation with the GAC and, in parallel, with academia. With this in mind, please kindly consider the following outline:
- 9:30 – 10:30 ALAC/GAC small working group on DNS Abuse focus group working meeting – EC DNS Abuse study and way forward, aligning local and national policies
- 10:45 – 11:45 DNS Abuse and cybercrime – friends or foes?
- This segment could include e.g. GigaNet colleagues on the ground in The Hague. We could either start with a keynote and open the floor to discussion or simply host a panel of experts.
