

## **REQUEST FOR CANDIDATES – GNSO LIAISON TO THE GAC**

**Candidates are invited for Generic Names Supporting Organization (GNSO) Liaison to the Governmental Advisory Committee (GAC)**

---

### **Background**

The GNSO Liaison to the GAC role was first piloted in FY15-16 (1 July 2014 to 30 June 2016) as part of a broader initiative of the GAC-GNSO Consultation Group to facilitate early engagement of the GAC in GNSO policy development activities. Due to the success of the pilot, the GNSO Liaison to the GAC is now a permanent role and an integral part of communications between the GAC and GNSO.

### **Objective**

The GNSO Council is seeking a GNSO Liaison to the GAC (hereafter “the Liaison”) to begin serving in the role following the [YEAR] Annual General Meeting, which is scheduled to take place from [DATES].

The Liaison will be primarily responsible for providing timely updates to the GAC on GNSO policy development activities in order to complement the existing notification processes as well as answering questions in relation to these (GNSO) activities that GAC members may have. Furthermore, the Liaison will be responsible for providing the GNSO Council with regular updates on progress, including on GAC activities, specifically in so far as these relate to issues of interest to the GNSO. The objective of the liaison mechanism, in combination with other mechanisms and early engagement tools, is to facilitate effective early engagement of the GAC as well as generally assist with flow of information between the GAC and the GNSO. In addition to these engagement tools, regular co-ordination calls are to be scheduled between the GNSO Liaison to the GAC and the GAC Leadership/GAC Support Staff to ascertain that all the relevant information has been received by the GAC and progress is being made, following which a regular status update is provided by the Liaison to the GNSO Council.

- Availability to attend and participate in GAC meetings during the course of ICANN meetings and also, where applicable, intercessional meetings (via teleconference)
- A former or recently departed GNSO Councilor is likely to be well-qualified for the position, but this is not a necessary criterion for the Liaison.

### **Responsibilities**

- Attend and participate as required in GAC meetings during ICANN meetings and possible intercessional meetings (Note: to the extent that ICANN meetings are held face-to-face, travel funding is available for the ICANN meetings should the Liaison otherwise not be able to attend an ICANN meeting)
- Represent and communicate the policy work of the GNSO in a neutral and objective manner
- Liaise with ICANN policy staff who may assist, as needed, in the preparation of briefing materials and/or responses to questions
- Liaise with relevant working groups, utilizing GNSO Council liaisons where required, in order to be continuously current and knowledgeable on work in progress

- Provide regular updates to the GNSO Council
- Guide the GAC in opportunities for early engagement
- Keep the GAC updated on how its early input was considered by the GNSO
- Assist in the facilitation of GAC-GNSO discussions in cases where GAC early input is in conflict with GNSO views
- Produce an annual report to the GAC and GNSO that highlights early engagement efforts to date as well as possible improvements to be considered
