

**A look at the  
LACRALO Dashboard**  
Dev Anand Teelucksingh,  
LACRALO Secretariat

# What is the LACRALO Dashboard?

- The LACRALO Dashboard is an ongoing attempt to create a tool for ALSes in the region to monitor :
  - LACRALO activities (e.g action items, policy issues)
  - information about LACRALO (e.g # of ALSes).

# What is the LACRALO Dashboard?

- The LACRALO Dashboard is an ongoing attempt to create a tool for LACRALO to :
  - Use this information to plan future LACRALO activities

# About the LACRALO Dashboard

Currently implemented as a Google spreadsheet :  
<http://bit.ly/lacralo-dashboard>

# Sections of LACRALO Dashboard

At the top of the LACRALO Dashboard, you can click on :

- **Stats**
  - a summary generated from the other sections
  
- **Action-Items**
  - that persons in LACRALO are working on and upcoming At Large Briefing Sessions that ALSes can attend.

# Sections of LACRALO Dashboard

- ICANN-Policy-Issues
  - directly read from At-Large Policy Advice Development Schedule and from the ICANN Public Comment website.
  
- ALSes :
  - A list of all the ALSes in LACRALO, sorted by country along with
    - the ALS website,
    - the ALS representative
    - The ALS representative's email.

# Sections of LACRALO Dashboard

## ■ Countries

– Shows for each country in Latin America and the Caribbean :

- # of ALSes in each territory (directly calculated from the ALSes section)
- whether the country's ccTLD is in the ccNSO.

This information will be useful for the upcoming ALS-ccNSO survey and for the next section.

# Sections of LACRALO Dashboard

## ■ Country-breakdowns

– Using the information from the "ALSes" and "Countries" sections, a listing of countries grouped in several columns are dynamically generated. So we can see :

- countries with ALSes
- countries with NO ALSes
- countries whose ccTLD are in the ccNSO,
- countries whose ccTLD are NOT in ccNSO
- and combinations such as countries with NO ALSes and whose ccTLD are not in the ccNSO.

# Sections of LACRALO Dashboard

- Policy-Issues
  - containing links to the PDFs (in English) of ICANN policies out for comment and links to Google Translate versions in Spanish and Portuguese.
  
- Country-coefficients
  - Shows the country coefficients that applies to ALS votes for motions at assemblies
