

# NCUC EC Agenda

Monday, 11 September 2023 15:00 UTC

1. Welcome from Benjamin
2. GGP Public Comment Due at 23:59 UTC
  - Additional Public Comment Opportunities
  - - (1) the fact that it essential for ICANN to communicate the availability of pro bono services for gTLD applications and to seek feedback as to whether they are useful and
  - - (2) measuring understanding of the application requirements and evaluation process as metrics of success are very important because different developing countries (like in Africa) might require different approaches in outreach and awareness, including the use of multiple languages to deliver some of the goals outlined in the report.
