**18. Outcomes from ccNSO sessions at ICANN 78 (next steps)**

This is a new section on the agenda during an ICANN meeting. Goal is to allow the Council to review outcomes of sessions, and confirm additional actions either by the Council or organisers of the session or other action item.

- a. **Update ad-hoc Council group: ccTLD caretaker and other policy matters**  
Next steps,taking into account the results from the workshop and IANA update session.
  
- b. **Registrant Capacity building (if needed)**
  
- c. **Corporate Social Responsibility (if needed)**

**19. Review & adoption ccNSO external and review of Council Roles & Responsibilities appointees**

**a. ccNSO External Appointments for adoption**

For information, discussion & Decision

Background - As part of reviewing the roles and responsibilities of ccNSO appointees to other groups, and as part of the succession planning process agreed upon in Cancun, a small team of Councillors has reviewed the roles of the ccNSO appointees to external groups (as Liaison or otherwise). The Council will be informed about the latest changes and suggestions. Goal is to approve the overview during the ICANN78 Council meeting.

**b. Review and update, if necessary, Council roles & responsibilities.**

Background - It was agreed during meeting 198 to further discuss the need for exchange of liaisons with the GNSO registry Stakeholder Group. Depending on the way Council intends to organise this (either as a role at the level of Council, or through non-Councillors) the role(s) will be listed in the overview of roles and responsibilities of Councillors or as an external appointment. In addition check whether the current roles and responsibilities of Councillors needs to be adjusted.

## **20. Requested input and guidance ccNSO on WS 2 Accountability recommendation 2.3**

The Cross-Community Group on implementation of WS 2 Accountability recommendations requests input from ccNSO with respect to Recommendations for Guidelines for Standards of Conduct Presumed to be in Good Faith Associated with Exercising Removal of Individual ICANN Board Directors”.

Some topics/WS2 recommendations may benefit from a uniform, community-wide approach. Rec. 2.3 appears to be one such topic. Review of and feed-back on ICANN proposals to retire review recommendations and establish a cross community group for development of a cross-community continuous improvement framework.

With respect to recommendation 3, the CG requests input on following questions:

1. How does the ccNSO approach this recommendation, does the ccNSO intend to implement this good practice recommendation or not? Please note that implementation of this recommendation will require coordination within the CCG per the initial proposal.
2. Should the WS2 CCG discuss these recommendations immediately or should the group wait until each relevant AC and SO completes the WS2 Rec 2.1 and 2.2?
3. If the CCG thinks that this recommendation should be handled elsewhere, please include your suggestions.

## **21. Review and feed-back on ICANN proposal to retire recommendations from reviews and proposal to establish a cross community group.**

At the latest SO/AC chair roundtable, the chairs of the SOs/ACs were requested to provide fed-back from their respective communities on a proposed procedure to retire Board adopted recommendations from Reviews, which after certain passing of time have not been implemented. The second proposal is the creation of CCG to develop a continuous improvement framework as suggested by ATRT3.

- a. **ICANN proposal to retire review recommendations**
- b. **ICANN proposal to establish a cross community group continuous improvement**

## **22. RSS GWG | Request for comments for “Governance Principles for the Root Server System”**

The ccNSO appointed members of the Root Server System Working Group (Luis Diego Espinoza and Peter Koch) have requested feedback and guidance of Council which they could relate to the Working group on the Governance Principles for the Root Server System”.

## **23. ICANN Leadership Program (LP) 2024**

The ccNSO Council is requested and has the opportunity to nominate two candidates for ICANN’s leadership program. The program will be held on 29 February – 1 March 2024 in San Juan, Puerto Rico, just before the ICANN79 Public Meeting. The deadline for nomination is Wednesday, 15 November 2023. To date the ccNSO Council selected two persons (in general one Councillor and one non-councillor who serves in a leadership position with a working group or committee
