# IGLC seeks a new Vice Chair

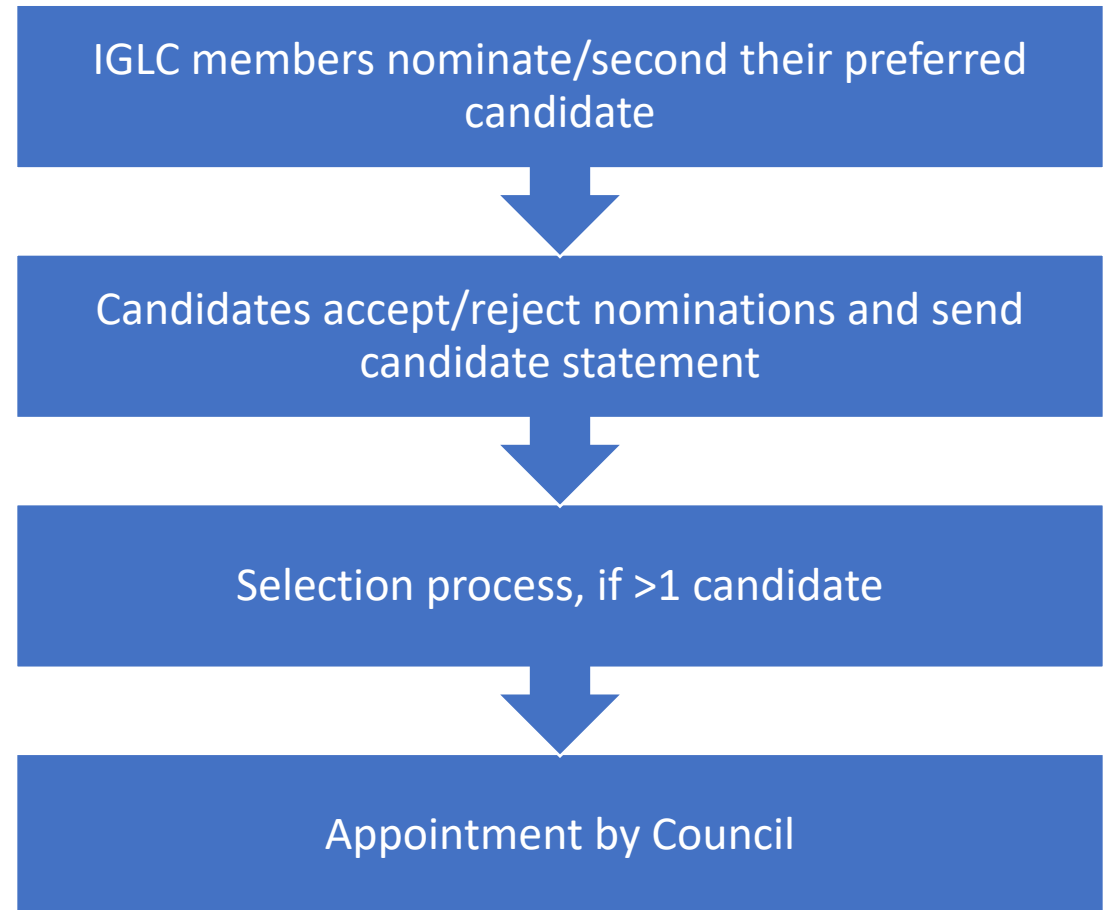

- Former Vice Chair stepped down at ICANN76
- Role of the Vice Chair?
  - Joining efforts with the Chair. Vice Chair is aware of the current issues within the IGLC to be able to stand in at short notice.
  - work with Chair and ccNSO staff in facilitation, coordination and communication – ensuring that committee members are actively engaged in the achievement of the work by the committee
- The IGLC Vice Chair can be any individual IGLC member, nominated, seconded, and selected by the IGLC, and eventually appointed by the ccNSO Council

# IGLC seeks a new Vice Chair

## Nomination & selection

- The ccNSO Council adopted an operating procedure for the nominations and selections of ccNSO Working Group and Committee Chairs and Vice Chairs.

# Planning ICANN77 legislative session

## Organiser

- IGLC

## Theme

- legislative initiatives relating to cybersecurity and how they affect ccTLDs

## Scope

- ccTLDs from different ICANN geographical regions will explore how various national or regional legislative initiatives relating to cybersecurity impact them. During the session presenters will also explore the challenges these initiatives pose for the global Internet and the multistakeholder model, as well as potential points of interaction between the various legal frameworks.

## When

- Tentatively scheduled for Thursday, 15 June 2023 (AM local)
- 90 min. duration

# From prioritisation to determine relevance

- ICANN75: IGLC working session. What are topics on the heat map from a regional perspective?
- End 2022: long list
- Start 2023: survey, baskets
- ICANN76: further explored topics and discussion relevance for ccTLDs

# Topic prioritisation

From the recent discussions, as well as the December '22 list of topics, the following items appeared with high relevance for ccTLDs across all regions:

1. Internet Fragmentation
2. Cyber Security
3. Capacity Building
4. WSIS+20 Review Process (emerging)

# In line with IGLC objective (see charter)

- The IGLC has been established to coordinate, facilitate, and increase the participation of ccTLD managers in discussions and processes pertaining to Internet Governance.
- The ccNSO Council and individual ccTLD Managers, collectively or individually, will be invited to support the position or input of the IGLC. The Committee will take a proactive role in seeking and fostering participation and input into the processes and provide regular feedback to the ccNSO Council, ccNSO members and broader ccTLD community.

# Introducing the napkin pitch

- simple format for summarising and communicating an idea or approach
- It covers the critical components associated with the idea:
  - the stakeholders,
  - the ability to execute or deliver the idea,
  - the rationale.

Concept	
The big idea	Benefits & Needs for ccTLDs
Execution by IGLC	Benefits & Needs for ccNSO?

# flow

- 2 break out groups
- Individual brainstorming (3 quadrants): 5 min
- Group Brainstorming (3 quadrants): 30 min
- Reporting back : please appoint rapporteur!  
5 min. per group, 10 min in total

Concept	
	Benefits ccTLDs
Execution by IGLC	Benefits ccNSO
