# Background

---

- The IANA Naming Function Review (IFR) is an accountability mechanism mandated by ICANN's Bylaws [Article 18](#) to ensure that PTI meets the needs and expectations of its naming customers.
- The ICANN Board [convened](#) the first IFR on 16 September 2018.
- Bylaws Section 18.2 (b) states: *“Periodic IFRs after the first Periodic IFR shall be convened no less frequently than every five years, measured from the date the previous IFRT for a Periodic IFR was convened.”*
- The Board must convene the second IFR **by 16 September 2023**.

# Scope Overview

---

## **The IFR scope centers around:**

- Evaluation of Public Technical Identifiers' (PTI) performance against the requirements of the IANA Naming Function Contract.
- Review of the IANA Naming Function Statement of Work.
- Review of PTI's openness and transparency procedures.
- Consideration and assessment of any changes implemented since the first IFR.

## **The IFR is not:**

- An ICANN Organizational or Specific Review.
- A replacement for the work of the Customer Standing Committee (CSC), which reviews PTI's performance of the naming function on a monthly basis to ensure that PTI delivers on the Service Level Agreements specified in the IANA Naming Function Contract.

# Scope Specified in Bylaws Section 18.3

---

- (a) Review and evaluate the performance of PTI against the requirements set forth in the IANA Naming Function Contract in relation to the needs of its direct customers and the expectations of the broader ICANN community, and determine whether to make any recommendations with respect to PTI's performance;
- (b) Review and evaluate the performance of PTI against the requirements set forth in the IANA Naming Function Contract and IANA Naming Function Statement of Work (SOW);
- (c) Review the IANA Naming Function SOW and determine whether to recommend any amendments to the IANA Naming Function Contract and IANA Naming Function SOW to account for the needs of direct customers of the naming services and/or the community at large;
- (d) Review and evaluate the openness and transparency procedures of PTI and any oversight structures for PTI's performance, including reporting requirements and budget transparency;
- (e) Review and evaluate the performance and effectiveness of the Empowered Community (EC) with respect to actions taken by the EC, if any, pursuant to Section 16.2, Section 18.6, Section 18.12, Section 19.1, Section 19.4, Section 22.4(b) and Annex D;

# Scope Specified in Bylaws Section 18.3 (cont.)

---

- (f) Review and evaluate the performance of the IANA naming function according to established service level expectations during the IFR period being reviewed and compared to the immediately preceding Periodic IFR period;
- (g) Review and evaluate whether there are any systemic issues that are impacting PTI's performance under the IANA Naming Function Contract and IANA Naming Function SOW;
- (h) Initiate public comment periods and other processes for community input on PTI's performance under the IANA Naming Function Contract and IANA Naming Function SOW (such public comment periods shall comply with the designated practice for public comment periods within ICANN);
- (i) Consider input from the CSC and the community on PTI's performance under the IANA Naming Function Contract and IANA Naming Function SOW;
- (j) Identify process or other areas for improvement in the performance of the IANA naming function under the IANA Naming Function Contract and IANA Naming Function SOW and the performance of the CSC and the EC as it relates to oversight of PTI; and
- (k) Consider and assess any changes implemented since the immediately preceding IFR and their implications for the performance of PTI under the IANA Naming Function Contract and IANA Naming Function SOW.

# Candidate Qualification Requirements

---

- All candidates for appointment to the IFR team as a member or liaison are required to submit an expression of interest (template available on the [wiki](#)) to the appointing organization, stating:
  - Why the candidate is interested in becoming involved in the IFR team.
  - What skills the candidate would bring to the IFR team.
  - The candidate's knowledge of the IANA functions.
  - The candidate's understanding of the purpose of the IFR team.
  - That the candidate understands the time necessary to participate in the IFR process and can commit to the role.
- To the extent reasonably possible, appointing organizations should work together to achieve an IFR team that is balanced for diversity (including functional, geographic and cultural) and skill.

# Volunteer Time Commitment Expectations

---

- The IFR team will conduct its work online via conference calls via Zoom.
- IFR work is expected to include regular conference calls up to two (2) hours per week, some of which may not be held during business hours in all time zones.
- Additional interview and learning sessions with ICANN org or other subject matter experts may occur outside of regularly-scheduled conference calls.
- Team members will be expected to spend additional time on review activities such as reviewing materials, gathering data, and preparing analyses.
- Co-chairs should expect regular leadership calls to precede plenary calls to prepare the upcoming agenda.
- Participation in any IFR is voluntary. Co-chairs, members, liaisons, and participants of the IFR team will not be remunerated. Eligible members and liaisons will receive a per diem to cover travel, meal, and lodging costs to participate in a site visit as deemed necessary by the IFR team in accordance with [ICANN's community travel support guidelines](#).

# What's In It For You?

---

- Contribute your expertise and knowledge to one of ICANN's important accountability mechanisms.
- Provide implementable recommendations for improvement in the areas within the scope of the review.
- Build relationships with a global network of professionals.
- Develop valuable skills, experience, and expertise.
- Have fun as part of a team effort!

# Key Activities and Dates

---
