

Dear AFRALO family,

May this meet you well.

Permit me to thank Raymond and Chokri for this nomination which I hereby accept to complete the term for our own dear Sarah Kiden who recently stepped aside as AFRALO representative to ALAC.

I look forward to bringing my Information and Communications Technology (ICT) experience and new media skills to bear on this ALAC assignment as always, with documented feedback and reports.

As you may recall, I am the pioneer and current team lead cum chairman of the AFRALO Newsletter Team which have been publishing since inception up to Volume 11 that we just concluded to share developing and success stories as it may affect and concern At-Large Structures (ALSes) on our continent of Africa and its membership.

It's no longer news that the template for the AFRALO Newsletter was promptly developed by me soon after our emergence despite the varying challenges we face on the continent.

Do permit me to share my brief profile with you, as below.

Brief Profile: Remmy Nweke for ALAC Representative

REMMY NWEKE is the Lead Consulting Strategist at [DigitalSENSE Africa \[digitalsenseafrica.com.ng\]](https://digitalsenseafrica.com.ng), an ICANN-certified At-Large Structure (ALS) and a project of international multiple award-winning [ITREALMS Media group \[itrealms.com.ng\]](https://itrealms.com.ng), where he is the Group Executive Editor.
