11:16:04 From Jonathan Zuck To Everyone:

Pleasure is all mine

11:16:51 From Jonathan Zuck To Everyone:

Perfect. Thanks

11:17:13 From Cheryl Langdon-Orr To Everyone:

Yes the doc has it all and we will reveal little later on as well

11:18:27 From Cheryl Langdon-Orr To Everyone:

Remember CIP = Continuous Improvement Programs or Processes (within each AC SO NC etc.,)

11:19:26 From Larisa Gurnick, ICANN org To Everyone:

Which was articulated by the ATRT3 Recommendation 3.6 to evolve Organizational Reviews into a Continuous Improvement Program.

11:19:29 From Jonathan Zuck To Everyone:

makes sense

11:19:50 From Cheryl Langdon-Orr To Everyone:

we tried Jonathan :-)

11:20:39 From Chris Disspain To Everyone:

This makes sense to me. There is sometimes a lot to be said for outside folks coming in to review. A fish can't see water. That said, the key is that the input of the reviewers goes to the relevant SO or Ac for consideration rather to some conglomerated central committee.

11:21:49 From Cheryl Langdon-Orr To Everyone:

Indeed Chris and I would think periodically that is well advised but up to the AC/SO/NC

11:22:39 From Hadia Elminiawi To Everyone:

Thank you

11:23:06 From Vanda Scartezini To Everyone:

totally agree Chris

11:24:22 From Larisa Gurnick, ICANN org To Everyone:

Implementation of ATRT3 Rec. 3.6 will involve engagement across ICANN community to develop the framework for CIP - further discussions around good practices would likely emerge there.

11:26:34 From Cheryl Langdon-Orr To Everyone:

Indeed Larisa and of course what works best for the ACs/SOs/NC will also be determined by doing and developing

11:29:22 From Cheryl Langdon-Orr To Everyone:

When we get there I hope Avri ;-)

11:38:52 From Yvette Guigneaux - ICANN Org To Jason Kean(Privately):
