ICANN Policy Team

19 September 2023

# Agenda

---

- Introductions – *Melissa*
- Program Details – *Dan, Devan & Melissa*
- Historical background on gTLD registration data – *Marika*
- Next steps - *Melissa*

# Let's Get to Know Each Other

- Your name
- Your physical location
- Your community group
- One interesting fact about you

# Policy Development Accelerator Program Structure

---

## Learning Modules and In-session Discussions

- Learning modules are to be completed on your own before in-session discussion
  - gTLD registration data has 4 modules that will be shared sequentially
- Meet monthly and will be joined by community members who participated in the work
- Role play activity that will be explained during our December 2023 meeting
  - This will have both asynchronous and in-session components

## Staying Connected is Key

- Skype groups
- Mailing list
- Wiki page

# Policy Development Accelerator Program Structure

---

## **Time Expectation**

- Approximately 5 hours per month inclusive of asynchronous and in-session time commitments
- Please stay committed to your meeting time (12:00 UTC or 18:00 UTC)

## **Questions**

## Next Steps

- Respond to the forthcoming email with your Skype name
- Complete Module 1 in sequence
- Be aware of the differences between Technical Development and Policy Work in evolving WHOIS
- Engage on the mailing list and in your Skype groups with questions
- Come to the 17 October meeting, where we will be joined by community members who lived this work, prepared with questions and discussion points
