Message to the speakers

Multilingual Readout ICANN78 (by EURALO)

Dear colleague and friend,

- **European Regional At-Large Organization, EURALO is organizing Tuesday 7 November 2023 from 19:00 to 21:00 (CET) – 18:00 to 20:00 (UTC) a multilingual Readout. We are proposing a multilingual readout with a pitch tour format. As we have done since few meetings, it will be a fast-paced tour of the main takeaways of ICANN78 by various member of the community. It is open to all the ICANN stakeholders.**
- **As chair of EURALO, I would like to invite you to be one of the speakers:**
 - **As a leader of one of the ICANN structures we would like to ask you (to pitch) to present your main takeaways of ICANN78 from you and your constituency perspective. In this “flash-pitch” format, be ready to give a 180 seconds talk (no more!). After a short introduction of the session, each of the speakers will have 180’. As the meeting will be fully interpreted in both English, French, Spanish and Russian, you can choose your preferred language**
 - **This part will take around 90 minutes. Then we will open the exchanges with the participants around the main takeaways of ICANN78. This second part will also take around 30’**
 - **In the draft schedule attached we can try to accommodate you, but we will be happy to have you available for the 2 hours. Thank you for considering and confirming your availability ASAP. If you have any question, I am available.**
