5-Feb-12						
12-Feb-12						

Accomplishments this period

DSSA

Began evaluating range of impact for non-adversarial threat-sources
Learned that the methodology needs tuning -- we need to build the threat-source threat-event tree
before we can evaluate range of impact. We'll try that next time around.

DSSA Ops Group

Continued to develop a mind-map summary of NIST 800-30

Plans for next period

DSSA

Continue building/evaluating the threat-source threat-event tree for non-adversarial threats

DSSA Ops group

Analysis -- continue summarizing mind-map of NIST 800-30 (Mikey)
Board committee -- review results from Patrick -- held over
Review Julie's draft of "handling confidential information" with the Ops group
(held over pending language from Mark)

Issues and concerns
