

SECURITY, STABILITY & RESILIENCY OF THE DNS REVIEW TEAM WEBINAR

Fri, 11 May - 11:00 UTC

The recording and transcript of this session will be published on the SSR's public wiki at:

<https://community.icann.org/display/ssrreview/Webinar+-+Session+1>

Note to participants:

For those on the bridge: your lines will be muted during the introduction and presentation of the report and recommendations. Once the Q&A session started, we will open your lines. Meanwhile, please feel free to send any comments or questions you may have via the chat box.

Should you not wish to join the bridge: we are happy to read your comments or your questions if asked.

Thank you.

Agenda

1. Introduction
2. Overview of draft recommendations
3. Questions and comments
