

To Members of the At-Large Advisory Committee,

**RE: Statement of Interest for membership to At-Large New gTLD Review Group**

I wish to volunteer for the At-Large New gTLD Review Group being formed, representing Asia-Pacific.

I am a litigation lawyer based in Kuala Lumpur, Malaysia with academic qualifications in Law, Economics and Information Technology. My interest in joining the gTLD RG is related to my personal interest in the areas of the Internet, information technology and information society. For these reasons, I am also a member of the Internet Society Malaysian Chapter.

I have no conflict of interest as I do not hold any immediate past, current or predetermined interest (being financial or other) in a New gTLD Applicant or any other party that is involved in any manner whatsoever with an applicant or the proposed registry.

I understand the need for flexibility in affording time and commitment to the work of the gTLD RG and will try my best to meet the workload involved.

Sincerely,

*Justine Chew*
