

## **REPORTE ALAC MEMBER ICANN GRANT PROGRAM**

La sesión informó a los asistentes sobre el panorama general de los principales elementos de esta primera convocatoria, especialmente sobre los requisitos de los solicitantes, el camino hacia la recomendación 7, el cronograma de evaluación de la solicitud y la ronda de preguntas de los asistentes presenciales y remotos.

Al ser un programa global y competitivo, la comunidad en general debe estar suficientemente informada para que el mayor número de organizaciones miembros presenten proyectos que estén alineados con la misión de ICANN.

También debemos identificar qué tipos de proyectos propuestos en los objetivos del programa son los que más pueden beneficiar a nuestras regiones e incentivar la aplicación de estas propuestas.

## **ALAC MEMBER REPORT ICANN GRANT PROGRAM**

The session informed attendees about the overview of the main elements of this first call for applications, especially about the applicant requirements, the path towards recommendation 7, the schedule for the evaluation of the application and round of questions from the attendees in-person and remote.

Being a global and competitive program, the community at large must be sufficiently informed so that the greatest number of member organizations present projects that are in line with the mission of ICANN.

We must also identify which types of projects proposed in the program objectives are those that can benefit our regions the most and encourage the application of these proposals.
