## UASG Coordination WG Progress

### Agenda Item A: Quick updates on 5-year planning

Seda shared the next steps about the 5-year planning:

- Each WG chair and vice chair come up with the full plan including when and what is the duration of each plan, how to map each item on the overall objective.
- Map each action item with the strategic goal and define what percentage it will impact on each year's goals.
- How to organize the actions amongst the WGs in a logical place.
- Responding to the 5 year planning comments.

In the name of Comms WG, Anil shared that Comms WG will provide the final 5-year plan after the next Comms WG. Anil also recommended that the working groups discuss and finalize the final 5-year plan as soon as possible.

### Agenda Item B: BIUWG action items

Seda shared the action items of the meeting between UASG and ICANN

Board IDN UA WG (BIUWG).

No.	Description	Owner
1.	<i>UASG to finalize its governance discussions by July 2024.</i>	UASG

2.	<i>Do a debrief the criteria of selection of UA Day projects for those who could not get shortlisted.</i>	ICANN org
3.	<i>Provide an update on ICANN org's engagement with big technology organizations in the next BIUWG-UASG meeting.</i>	ICANN org
4.	<i>ICANN org to conduct the next iteration of the UA business case study.</i>	ICANN org
5.	<i>UASG to determine the scope of study to determine impact of IDN variants on UA.</i>	UASG

Anil asked the previous action items from the BIUWG meeting and he highlighted the following yellow items to be included in the UASG's action items:

1. *UASG to look into impact of IDN Variant TLDs on UA.*
2. *UASG to explore UA-readiness by the next new gTLD round and how UA could impact the next round.*

The Working Group then discussed whether this part should be grouped and shared the progress of other organizations on IDN variants, which will continue to be discussed.

### **Agenda Item C: UASG Governance issues**

This topic has not been discussed in detail. The next coordination WG meeting will focus on the UASG Governance issues and the 5-year plan.
