a. Progress and expected timeline ccNSO Decision making

The ccPDP4 WG expects to complete its work by 20 February 2024, and the Issue manager will submit the report prior to ICANN79 for consideration and decision making by the Council. The Final report does include both policy recommendations and advice to ccTLDs. The advice is on topics that were considered out of scope of the PDP by the WG, and the decision making process is not defined through Annex B of the Bylaws, but through the Internal rules of the ccNSO.

b. Discussion and views Draft Recommendation 14 on participation of ccNSO in developing IDN Guidelines.

The IDNccPDP4 WG was requested to provide feed-back on a draft recommendation by the Phase 2 GNSO IDN EPDP WG on proposal to create a formal process for convening a group that would propose amendments to IDN Guidelines. These Guidelines may affect (IDN & ASCII) ccTLDs, with IDN second level domains under management and were developed by a group of experts, including members of the ccTLD community. According to the proposal the ccNSO and GNSO Councils will have

a role in developing the charter etc. for the community group that will develop future versions of the IDN Implementation Guidelines.
