16:05:57 From Damon Ashcraft to Everyone:

16:13:28 From Sean Copeland - ccNSO Council - nic VI to Everyone:

ccNSO has difficulty with principle 5 as well as it is written

16:14:11 From Cheryl Langdon-Orr to Everyone:

Replying to "ccNSO has difficulty..."

I suspected a mere need to edit that was missed

16:14:18 From Justine Chew to Everyone:

Agree, we would like to look at adjusting Principle 5

16:14:52 From Cheryl Langdon-Orr to Everyone:

Replying to "Agree, we would like..."

16:20:57 From Cheryl Langdon-Orr to Everyone:

Can you help me understand what "balnce" means in this CIP context @Benjamin
Akinmoyeje

16:25:13 From Cheryl Langdon-Orr to Everyone:

OK ... Thx @Benjamin Akinmoyeje I will wait and see on that then when you have
explored further... Obviously not all Principles may be equally applicable to the component
parts of the SO/ACs especially as it goes to smaller or more specific units... but there is a
difference between a bespoke CIP for the entity and a lowest common denominator applied
across an Org wide framework...

16:25:45 From Larisa Gurnick - ICANN Org to Everyone:

@Benjamin Akinmoyeje - thanks for commenting on the meaning of "balance". Would
you say that "balance" may be about making sure that the areas selected for improvement are
balanced in the sense that they contribute to the overall effectiveness of a given group?

16:26:54 From Benjamin Akinmoyeje to Everyone:

Replying to "@Benjamin Akinmoyeje..."

I will update once I get a clearer understanding

16:27:24 From Cheryl Langdon-Orr to Everyone:

Replying to "@Benjamin Akinmoyeje..."

Overall effectiveness of CIP to a given group is the purpose of CIP Org wide Framework and that applied within the agreed principles to any entity / group... IMO

16:29:38 From Cheryl Langdon-Orr to Everyone:
