ATRT3 Rec. 3.5: Holistic Review

HISTORY

1. ICANN Bylaws required the ATRT3 to be convened.

2. ATRT3 examined how ICANN Reviews function.

3. ATRT3 developed Recommendation 3.5, calling for a Holistic

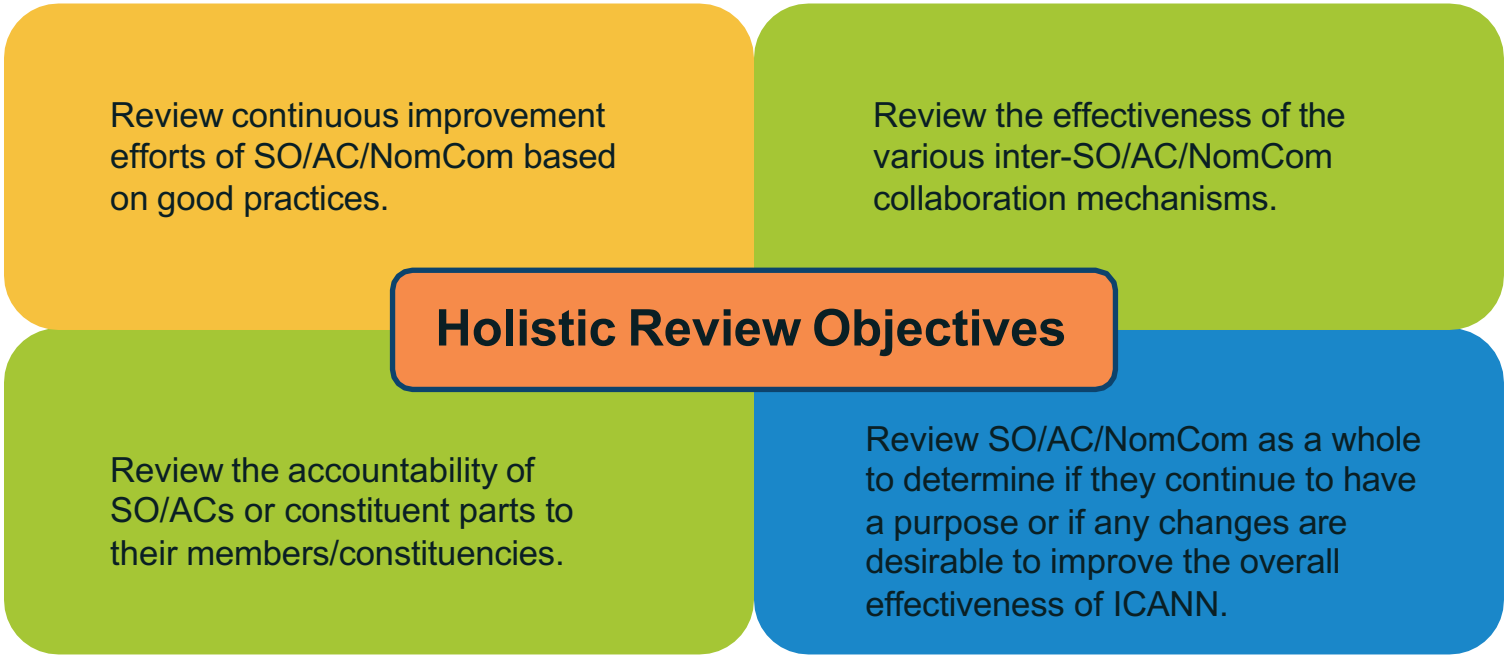
4. Board approved Recommendation 3.5 with caveats.

ATRT3 Recommendation 3.5 - (Pilot) Holistic Review Project

On 30 November 2020, the ICANN Board approved recommendation 3.5 issued by the Third Accountability and Transparency Review Team (ATRT3), directing ICANN org to initiate the first Holistic Review as a **pilot**,

“subject to prioritization and available resources” and “pursuant to community-agreed Terms of Reference and relevant elements of the Operating Standards for Specific Reviews.”

What would a Holistic Review look at?



Purpose of this review Pilot Holistic Review Project

a) define the inter-dependencies between future Holistic Reviews and other Specific and Organizational Reviews or Continuous Improvement Programs (CIP), and ongoing work streams,

c) define the roles of the community structures, the Board and ICANN org, and whether, and if so how, external parties should be involved,
d

b) address, based upon community input, methods for future Holistic Reviews including the make-up of the review teams and their role,

d) consider what Bylaws amendments may be necessary to ensure that future Holistic Reviews can be conducted in accordance with the Third Transparency and Accountability Review Team (ATRT3) recommendations and the findings of this review.
