    - Ateliers de l'Avenir Numérique – Varzy, France
  - ISOC Norway (800-1000 $)

EURALO FY25 Outreach Strategy

Outreach Goals	Presenting and sharing clear, interesting and useful information about ICANN activities and the role of the At-Large community, ALAC and the RALOs including EURALO in the European region and beyond.

Maintaining EURALO's positive image, raising awareness and, as a result, increasing the quality and active participation of European Internet individual end-user interest in ICANN policy development and ICANN's organizational improvement programs.

1. Enhance the EURALO presence in Europe with medium term strategy objective: "EURALO must be present in each and every country of our region".
2. Mobilize current community members (ALSs and ALS members) through identifying new ways and tools.
3. Involve new people or new groups in the policy and organizational review processes to strengthen the voice of European Internet individual end-users.
4. Unite people within EURALO through common work, goals and achievements.
5. Support and share the information about ICANN key processes and initiatives and focus on the European end user hot topics related to ICANN topics.
6. Make the consolidated EURALO voice stronger within the IG agenda.

Strategies

Openness and inclusiveness: Organize EURALO activities open to the full membership but also for possible new members.

EURALO organized activities are open to all the stakeholders both for speakers and participants.

EURALO welcome Fellows, NextGen and newcomers, support and encourage youth to participate. EURALO care about step-by-step mentoring for newcomers.

Focus: EURALO Outreach activities support At-Large FY25 Strategic Priority Activities focus primarily on European end user's issues.

Support: With GSE Europe, EURALO supports national IGF in Europe and EURODIG. ICANN Communications staff help EURALO to prepare the information and/or spread it via all communication channels.

Expansion of coverage: not covered countries and new formats of interaction.

Community solidarity: As a priority, bring people together in the European community through collaborative work and achieving goals.

2024 **2025** **2026**

CALENDAR YEAR

- **CIP**

  - **[Google Drive](#) with documents for EURALO**

  - **Mail for candidates to EURALO CIP Team**

    - **Dear Colleagues,**
      As you may be aware, ATRT3 has recommended evolving the Organizational Reviews into a Continuous Improvement Program (CIP). ICANN has set up a Continuous Improvement Program Community Coordination Group (CIP-CCG) with representatives from the entire ICANN community.
      We seek two to three volunteers to join the EURALO CIP Team to ensure robust engagement and effective representation. Your participation will be invaluable in shaping our approach and responses to these evolving processes.
      If you are interested in contributing, please send an email, by July 10, to the Chair of EURALO at sebicann@bachollet.fr and copy staff@atlarge.icann.org.
      Your involvement will significantly strengthen our collective efforts in this critical initiative.
   **Thank you for considering this opportunity to contribute to EURALO's continuous improvement and strategic development.**

    - **Sébastien Bachollet CIP-CCG EURALO representative**

    - **Natalia Filina CIP-CCG EURALO alternate**

    - **Pari Esfandiari member of the CIP-ALAC small team**

  - Comment Period until end of September 2024
    - Dear Colleagues,
      Less than a year ago, EURALO approved its inaugural Rules of Procedure and successfully completed a full election process.
      The EURALO Board has initiated a three-month comment period, concluding at the end of September 2024, to gather your valuable input.
      In October, the Board will review the feedback and finalize a revised version of the Rules prior to the 2024 EURALO hybrid General Assembly, scheduled to be held during ICANN81 in Istanbul. Please contribute your comments in the provided Google Doc link.
      Thank you for your participation and input.
