01:14:57 Bill Jouris: Reacted to "Advice YES" with 👍

01:15:05 Gopal Tadepalli: <QUICK NOTE>: So far, I could not locate any "ICANN Style Guide". I suggest that something like this is necessary to enable readers all over the world to converge on most possible "meanings" of the verbiage ASAP. Presently, the usage of color in the documents which is impressive does not seem to be having a pattern. A good "style guide" will make even the machines happen along even though variety is the spice of life. – Dr. T V Gopal, Anna University, Chennai, INDIA
