NEXT Steps :

Before the ICANN81 in Istanbul, Vanda Sartezi is providing a new database with actualization of all women registered as DNS Women members.

They will receive sooner the survey which will give a better register about the DNS future to pass a survey in all regions with all dates listed there.

Note :

ICANN 81 will be in the Asia Pacific Region, we are accounting with the collaboration of our team: Amrita from India ,Cheryl, from Australia, and Maureen from Cook Island, intend to follow with the same program, successful and relevant ladies in the challenges and rewards.
