15:07:01 From Cheryl Langdon-Orr to Everyone:

15:07:42 From Cheryl Langdon-Orr to Everyone:
Don't bother then

15:17:04 From Cheryl Langdon-Orr to Everyone:
Purple even is +ve

15:17:43 From Cheryl Langdon-Orr to Everyone:
Charting is useful I agree

15:18:58 From Bukola Oronti to Everyone:
I agree with the suggested colors too, red should be used for the negatives

15:21:50 From Cheryl Langdon-Orr to Everyone:
it's not just a number game it is informed interest to complete

15:23:52 From Cheryl Langdon-Orr to Everyone:
Next time we could set it so that people can stop and start as well as show progress

15:24:28 From Cheryl Langdon-Orr to Everyone:
Exactly @Vanda Scartezini -DNS WOMEN - ABES- ICANN - FITEC

15:33:33 From Cheryl Langdon-Orr to Everyone:
So I would complement the Regional outreach focus

15:33:54 From Cheryl Langdon-Orr to Everyone:
and Yes it also fits in 2,2

15:33:56 From Hadia Elminiawi to Everyone:
I am so sorry for being late

15:34:36 From Cheryl Langdon-Orr to Everyone:
I am always cautious to start off with too many Strategic Objectives resourceing usually fails in that case

15:35:48 From Cheryl Langdon-Orr to Everyone:
Vanda that can of course fit into 2.2.

15:35:54 From Bukola Oronti to Everyone:
I think that falls under the 2.2 strategic goal of enhancing ICANN's global presence and impact

15:36:25 From Bukola Oronti to Everyone:
Reacted to "Vanda that can of co..." with 👍

15:36:57 From Cheryl Langdon-Orr to Everyone:
The public part here Vanda also can come out of effective partnering

15:37:18 From Cheryl Langdon-Orr to Everyone:

BTW there is a role for At-Large specifically in all this

15:37:32 From Cheryl Langdon-Orr to Everyone:
beef up 2.2

15:38:58 From Cheryl Langdon-Orr to Everyone:
It is the IMPact part more than the presence

15:39:46 From Cheryl Langdon-Orr to Everyone:
The offices have been poorly utilised (in the greater scheme of things)

15:40:03 From Cheryl Langdon-Orr to Everyone:
But they are resources that can be built upon

15:40:15 From Cheryl Langdon-Orr to Everyone:
and THIS strategy IMO recognises that

15:40:53 From Cheryl Langdon-Orr to Everyone:
Sub your 2.3 and 5's into a sub sec of 2.2

15:41:39 From Cheryl Langdon-Orr to Everyone:
again too many top level goals is a problem to resource

15:42:21 From Cheryl Langdon-Orr to Everyone:
expand the IMPAC part of 2.2

15:42:54 From Cheryl Langdon-Orr to Everyone:
and Vanda's points are all about Impact

15:43:35 From Cheryl Langdon-Orr to Everyone:
It may be implied BUT we need to make it explicit

15:46:01 From Hadia Elminiawi to Everyone:
Add too 2.2

15:46:18 From Hadia Elminiawi to Everyone:
2.2.3, 2.2.4

15:47:43 From Cheryl Langdon-Orr to Everyone:
Reacted to "2.2.3, 2.2.4" with 👍

15:47:47 From Hadia Elminiawi to Everyone:
Agree as well

15:48:06 From Cheryl Langdon-Orr to Everyone:
greater granularity here for Impact

15:48:19 From Hadia Elminiawi to Everyone:
Reacted to "greater granularity ..." with 👍

15:49:05 From Cheryl Langdon-Orr to Everyone:
being good at a quadruple bottom line report is NOT enough here

15:55:53 From Bukola Oronti to Everyone:
okay

15:56:09 From Bukola Oronti to Everyone:
Thank you,

15:58:04 From Cheryl Langdon-Orr to Everyone:
But this is an ICANN Strategic planning not a volunteer community one

15:59:45 From Cheryl Langdon-Orr to Everyone:
that is why Judith it is so good to see terms like Agile etc., in these documents
