18:11:32 From Silvia Vivanco - ICANN Org to Everyone:

9.4 The ALAC is empowered to set thresholds which the Chair or RALOs could use to monitor performance.

18:11:47 From Silvia Vivanco - ICANN Org to Everyone:

9.5 The ALAC has the right to withdraw the appointment of ALAC appointees.

18:12:00 From Silvia Vivanco - ICANN Org to Everyone:

9.6 The Chair is empowered to initiate or take action as agreed to by the ALAC with regard to performance and remediation. Any such actions must be done with due sensitivity and consideration to cultural differences throughout the globally diverse At-Large Community to the extent possible.

18:12:28 From Silvia Vivanco - ICANN Org to Everyone:

9.7 Such actions may include but not be limited to: 9.7.1 Discussion of issue with the ALAC Member or Appointee. 9.7.2 Use of an impartial third-party for mediation. 9.7.3 Discussion with the RALO leadership if the ALAC Member is a RALO appointee. 9.7.4 Recommend to ICANN the withdrawal of travel funding. 9.7.5 Although resignations are far preferable to the ALAC taking formal action, should the situation warrant it, the ALAC may vote to remove an ALAC Member following the procedures described in Paragraph 21. 9.7.6 Actions specified in Paragraph 9.7 do not need to be done in sequence and none of those listed above are mandatory unless specified as so by the ALAC.

18:14:44 From Lance Hinds to Everyone:

The question therefore is who is responsible for the ALAC in terms of performance. The ALAC member reflects the views of the RALO ideally but is accountable to the ALAC in terms for performance no?

18:15:54 From Lance Hinds to Everyone:

Adigo went down, Now back up

18:32:51 From Eunice Perez Coello to Everyone:
Yanlas he leído

18:33:01 From Mauro D. Rios to Everyone:
Creo que algo que no está bajado a tierra en el documento es que la participación del ALAC member es el elevar la opinión y sentir de ALAC. Si el indicado de buen cumplimiento es tomar un 50% o un 30% de participación, perfectamente puede ser una

participación pasiva. Por otro lado es que si existe cierto mecanismo (o debe desarrollarse) de contralor o control de los ALAC members.

18:33:55 From Laura Margolis to Everyone:

Replying to "Creo que algo que no..."

Lo tiene ALAC de acuerdo a sus reglas de procedimientos.

18:35:13 From Mauro D. Rios to Everyone:

Si ALC no consensua opinión el ALAC member no debería llevar ninguna opinión en nombre de la región, esto no impide que exprese algún comentario a título particular. (pero hasta donde puede expresarse de manera particular)

18:36:06 From Silvia Vivanco - ICANN Org to Everyone:

EL staff esta para apoyarlos si necesitan información o expertos que expliquen temas

18:36:11 From Silvia Vivanco - ICANN Org to Everyone:

Si así lo necesitan

18:38:32 From Laura Margolis to Everyone:

Es muy difícil esa respuesta pero me gustaria resumirla

18:38:39 From Mauro D. Rios to Everyone:

((todos sabemos que hay quienes van a pasear, y no se han siquiera interiorizado sobre los temas de agenda))

18:39:48 From Eunice Perez Coello to Everyone:

Reacted to Si ALC no consensua ... with "👍"

18:43:42 From Eunice Perez Coello to Everyone:

18:46:56 From Laura Margolis to Everyone:

exacto

18:47:11 From Mauro D. Rios to Everyone:

Yo apostaría no sólo a "ir" a las reuniones, sino también que se pueda acordar la presencialidad en determinadas sesiones de la agenda. En lo virtual es más difícil.

18:47:58 From Lance Hinds to Everyone:

Gracias Silvia. Sería bueno leerlas también

18:59:42 From Silvia Vivanco - ICANN Org to Everyone:

Pero siempre es un reto aplicarlas en la realidad

18:59:48 From Laura Margolis to Everyone:

19:00:19 From Silvia Vivanco - ICANN Org to Everyone:

Se pondrá el chat de inmediato en la página wiki

19:00:44 From Laura Margolis to Everyone:

No creo que lleguemos a una conclusión acerca de definir la participación..

19:01:58 From EN - Lyndell St. Ville to Everyone:

Adios a todos!
