reviewed the organization's briefing for the costs of hosting the
meeting in Muscat, Oman and agrees with the BFC's recommendation that
the proposal met the significant factors of the Meeting Location
Selection Criteria, as well as the related costs for the facilities
selected, for the October 2025 ICANN Public Meeting."
01:02:03 Silvia Vivanco - ICANN Org: The organization
performed a thorough analysis of the available locations that met the
Meeting Location Selection Criteria (see <https://meetings.icann.org/en/host>). Based on the proposals and analysis, ICANN has identified
Muscat, Oman as the location for ICANN84. Selection of this APAC
location adheres to the geographic rotation guidelines established by
the Meeting Strategy Working Group.
