- **Status:**
  - update: GNSO Council to consider response to the GNSO Board request to consider a PDP or other means to require, or strongly encourage, registrars to register a recovery domain for closed generics, and an updated timeline for the IDN EPDP. Besides the GGP, these are in progress.
  - update: Council Leadership to draft a response to the ICANN Board's resolution on the Whois Recovery Policy (ERRP).
  - update: The GNSO Liaison to the GAC informs the GAC of the communication between the GNSO Council and the ICANN Board.
  - update: GNSO Council to consider the Scoping Team Self-Assessment survey responses to determine the Board's willingness to engage in the mandatory Self-Assessment survey. The council will review the feedback received from the survey and present it to the Board for consideration.
  - update: Staff to develop simple timeline slides for each project to be provided and updated at each GNSO Council meeting, beginning with the April 2023 meeting.
  - update: The four items on the Board's list include a timeline for resolving pending issues (i.e., small team activities) and the search for a new Chair. The Council will consider next steps for finding new leadership for this project.
