	AI	RDDS	RDA_ST	Accuracy Check In Action Items: GNSO Council leadership to send a followup email to Council to take the following questions back to their groups and suggest next steps: 1. Given the limitations in processing data noted by ICANN org in its write-up, does the Council believe pursuing the proposed two alternative options/scenarios would be worthwhile, or, if not, do Councilors have any additional suggestions that still take into account the limitations noted by ICANN org? 2. Given the limitations with respect to access to data, would there be value in restarting the Scoping Team at this time? 3. If not, what other ideas do Councilors have to advance this topic given its importance to the ICANN community?	Action Items as of 08 August: Staff to draft a SG assignment concept proposal for leadership to review. [COMPLETED] UPDATE as of 10 Sept: 1. Leadership will consider the discussion and propose a path forward, potentially involving the formation of a small team and developing an amended motion for consideration at the September meeting. [COMPLETED] UPDATE as of 19 Sept: 1. GNSO Councilors to volunteer for a small drafting team to review the list of questions to ICANN/SGs & Cs and propose a final draft to Council by 03 October. Volunteers are: Thomas Rickett, Lawrence Olawale-Roberts, Taiwo Peter Akinremi, and Damon Ashcraft. 2. Councilors are requested to discuss alternative options and approaches within their groups and provide feedback during the next meeting. 3. The GNSO Council will defer consideration of the Registration Data Accuracy Scoping Team's Recommendations #1 and #2 for an additional six months while it determines how to make meaningful progress on the topic. [COMPLETE] 4. Policy Support Staff will add this item to the Project Management Tool and the GNSO Council meeting planning document. ●	AI	Accountability	MISC	IPC RFR Action Items: GNSO Council to call for volunteers to draft a letter to the Board on the IPC RFR. Volunteers during the meeting were: Greg DiBiase, Nacho Amador, Damon Ashcraft, and Paul McGrady.	Action Items: Greg DiBiase to develop a draft letter for the Small Team to review and subsequently share with Council for discussion at the August meeting. UPDATE: As of 08 August: By 13 August GNSO Council leadership sent a reminder of the draft letter and request GNSO Councilors to send comments, if any. If no concerns are raised by 30 August, Leadership plans to send this letter to the Board on 2 September. UPDATE as of 10 Sept: A meeting with RySG and IPC is being scheduled to discuss input. UPDATE as of 23 Sept: IPC met with RySG and is revising the letter to send to Council leadership followed by Council by 27 Sept.	Steve Chan	Damon A. Greg D. Nacho A. Paul M.	---	09/19/24		In Progress
	AI	gTLD	SubPro	Contention sets for the New gTLD Program: Next Round (Next Round) Action Items: 1. Leadership to include the issue on the agenda for the informal meeting with the Board. [COMPLETED] 2. GNSO Councilors to review the letter and be prepared to discuss suggested next steps at the October Council meeting.		Steve Chan	All Councilors	---	10/17/24		In Progress
	AI	Operations	OPs	Operational Design Phase Community Consultation Survey (deadline 27 Sept) Action Items: 1. GNSO Councilors and their relevant SG/Cs to consider whether to respond to the survey at: https://www.icann.org/en/announcements/details/participate-in-icams-operational-design-phase-community-consultation-survey-09-09-2024-en . Responses are due 27 September. 2. Policy Support Staff will relay concerns expressed by Council members with respect to the short timeframe for responses to the ICANN org colleagues responsible for this public survey.
