

GNSO Working Session Beijing Sunday 2013-04-07

Time		Topics of Interest	Session Leader	Presenter
09:00	09:30	<p>'thick' Whois PDP</p> <p>What is it about: PDP Status update, WG progress and results to date</p> <p>Background: This PDP WG is tasked to provide the GNSO Council with a policy recommendation regarding the use of 'thick' Whois by all gTLD Registries, both existing and future</p> <p>Presenter: Mikey O'Connor; Policy staff members: Marika Konings, Lars Hoffmann</p>	Jonathan Robinson	Mikey O'Connor
09:30	10:00	<p>Update from the Security and Stability Advisory Committee (SSAC)</p> <p>What is it about: This is an opportunity for the SSAC to provide an update to the GNSO Council on its activities and discuss those of particular interest to the GNSO. One such issue may be an SSAC document that will provide a taxonomy on domain name registration data validation. This document is due to be published prior to the ICANN Beijing meeting.</p> <p>Background: The SSAC advises the ICANN Board on issues involving the security and stability of the DNS. It provides regular updates to the GNSO and ICANN community at ICANN meetings and via its activity reports.</p> <p>Presenters: Patrik Fältström, SSAC Chair and Jim Galvin, SSAC Vice Chair; Policy staff member: Julie Hedlund</p>	Jonathan Robinson	Patrik Fältström Jim Galvin
