

Zahid Jamil**Senior Partner, Jamil & Jamil, Barristers-at-law****Legal Advisor to Board of the Commonwealth Cybercrime Initiative****Chair, Domain Name Dispute Resolution Center of Pakistan since 2006**

Zahid is a Senior Partner with the family law firm of M/s. Jamil and Jamil qualified as a Barrister from Gray's Inn and is currently practicing law in Pakistan specializing in Corporate and Commercial law, Technology, IPR, Cybercrime.

He regularly works with international and domestic IT businesses and at times with Civil Society organizations on issues related to Openness of the Media, in particular the Internet. He filed petition for opening up blocked foreign news channels that led to their being unblocked by the operators and also monitored and reported on cases and instances where Social Networks and other OTTs were blocked by the Courts and the Ministry of IT. As Chair of the Center for Strategic & Policy Analysis he has provided advice and legislative drafting assistance to Parliamentarians for introduction of legislation that mandates openness, transparency and accountability and also oversees the Center's project for digitization of 60 years of transcripts of the National Assembly (equivalent to Congressional record).

He recently assisted the Commonwealth IGF develop and obtain Heads of Government Approval for the Commonwealth Cybercrime Initiative in 2011 and then briefly served as Legal Advisor the Board of the Commonwealth's Cybercrime Initiative. He is also serving as a member and rapporteur of the Commonwealth's Cybercrime Experts Working Group. Also he serves as a consultant and an expert for the Council of Europe on Conventions on Cybercrime.

In conjunction with the US DoJ and the Council of Europe, he has been conducting regular trainings in cybercrime prosecution and investigation for forensic experts, investigator and prosecutors in Pakistan.

He drafted Pakistan's Electronic Transactions Ordinance 2002 and assisted the drafting of the Payment Systems and Electronic Funds Transfer Act, 2007 (both of which include cybercrime provisions). He is currently drafting a confidentiality framework and data protection law for the Ministry of IT. As a consultant and expert of the Council of Europe Convention on Cybercrime, he is providing support and advice to country's IT Association and the Parliamentary Select Committee on Cybercrime (PECO).

Zahid also serves on ICANN's GNSO as the Business Constituency's elected representative to the Council. As a member of ICANN's new gTLD Implementation Recommendations Team and the Special Trademark Issues Working Group he advocated for greater protection for brand owners and businesses in the new gTLD Rights Protection Mechanisms and improvements with respect to the Registrar Accreditation Agreements (including the implementation of law enforcement recommendations).

He also serves on the Multistakeholder Advisory Group to the UN Secretary General on Internet Governance.

He participates in several Cyber security related forums many of which are domestic as well as on several occasions at the Council of Europe Cybercrime Convention Octopus Forum and also at the UNODC, the UN Task Force dealing with Terrorist Use of the Internet.

He serves on the Advisory Board of the .pk ccTLD (PKNIC), the Board of International Chamber of Commerce's Pakistan National Committee and Chairs its National E-Business, IT Telecom Commission, Chairs the Joint Legal Working Group of AFACT, and the Cybersecurity Advisory Committee of the Federal Investigation Agency.

He regularly provides expert legal, strategic and policy advice to cutting edge technology providers ranging from setting up the nation's PKI infrastructure to the regulatory and commercial aspects of payment switches and gateways and Electronic/Automated Clearing Houses.

As a CEDR Accredited Mediator Teacher Trainer he is involved in Mediating disputes and is the founding Chairman of the Domain Name Dispute Resolution Center which deals with domain name disputes under the .pk ccTLD.
