Alan Greenberg: (12/10/2013 07:00) Dialing now.

Charla Shambley: (07:00) Good morning, good afternoon everyone. Welcome to the ATRT2 Call 15!

Carlos Raul: (07:00) yes

Carlos Raul: (07:01) trouble with mic

Carlos Raul: (07:01) thank you. it is warm and sunny in Costa Rica

Alan Greenberg: (07:01) Heather, where are you? Only -4 in Montreal

Heather Dryden: (07:02) Hi everyone, I will need to step out in the middle of the call for about 45 mins at 10:30 but then will be back.

Fiona Alexander: (07:03) We should wait then and do the GAC issues (#2) when Heather is back. I no longer have time constraints on my participation

Heather Dryden: (07:03) that would be great.

Fiona Alexander: (07:07) Does updating the templates to capture community input in BA as well as the written public comment process come under #1?

Lise Fuhr: (07:10) I have to leave the call for 10 min

Larisa Gurnick: (07:11) Brian, Heather just confirmed that the original schedule reflected on the Agenda will work for her

Avri Doria: (07:11) Can't find microphone to turn on and speak

Avri Doria: (07:11) I think it was Carlos I was working with on stuff9

Avri Doria: (07:12) ... On issues in 9

Avri Doria: (07:12) Why isn't there speaking capability on the AC?

Carlos Raul: (07:13) i'm having the same problem

Avri Doria: (07:13) Draft needs to trim on the capability. Don't know why it isn't on by default. Maybe it costs more.

Avri Doria: (07:14) orrySirry

Avri Doria: (07:14) Staff needs to turn on the capability.

Charla Shambley: (07:15) Avri can you use your mic now?

Avri Doria: (07:15) Thanks.it was just turned on.

Charla Shambley: (07:16) Carlos, let me know if you need the operator to dial-out to you if you are still having trouble with your connection.

Larisa Gurnick: (07:17) Brian, Amy is also on the call today in order to clarify and engage today

Carlos Raul 2: (07:17) all set now

Carlos Raul 2: (07:17) thank you

Mandy Carver: (07:18) Mandy is on the call as well for GSE

Lise Fuhr: (07:20) Back on the call

Alan Greenberg: (07:20) Avri VERY FAINT

Paul D.: (07:20) please speak louder, Avri

Alan Greenberg: (07:24) Workload of ATRT3 is moot if everything is implemented before they start, which hopefully will be the case for things that are already in process!

Mandy Carver: (07:29) I am on the call

Charla Shambley: (07:31) I have given everyone scrolling access to the document.

Brian Cute: (07:33) I see your hand Heather.

Olivier Crepin-Leblond: (07:39) Totally agree with Larry & Heather!!!

Olivier Crepin-Leblond: (07:39) it's time for ICANN to wake up

Heather Dryden: (07:48) The GSE materials were submitted 3 days in advance of Buenos Aires and had been requested from the beginning of the year. Not enough time for GAc consideration of a document.

Larisa Gurnick: (08:15) Olof was on the line, but it looks like he dropped off

Lise Fuhr: (08:23) Sorry but I have to drop off the call for another 10 minutes

Brian Cute: (08:27) OK Lise.

Theresa: (08:28) all, thank you for the very useful discussion. unfortunately i need to drop off but look forward to next steps.

Brian Cute: (08:28) Thank Theresa.

Lise Fuhr: (08:36) Back again

Alan Greenberg: (08:42) You'd think that with so many experts, we would not have anything that needs fixing...

Avri Doria: (08:43) Yes, was Channing windows from the staff doc to the AC

Avri Doria: (08:43) ..changing

Chris LaHatte: (08:56) dialing in

Mandy Carver: (09:28) Dear All - Nora has the 5th strategy panel in London all day Friday so her ability to join a call that day will be constrained

Mandy Carver: (09:28) 5th Strategy panel

Heather Dryden: (09:35) Hi again, Back on call.

Larisa Gurnick: (09:46) Mandy, thanks for flagging Nora's schedule. I've reached out to Nora to see about connecting her with Olivier prior to Friday.
