Alan Greenberg: Dialing in now.

Alice Jansen: Steve Crocker has joined the call.

Avri Doria: Though I think we still need to do the whistlebolowr insvestigation, just instead of getting a ocnsltant, ibeleive we have to do it ourselves.

Avri Doria: The strictness of zero based budgetting.

Alice Jansen: Please mute your lines if not speaking (we can hear background noise)
- thanks

Marika Konings: Happy to help as needed! Most of the recent PDPs are documented here: <http://gnso.icann.org/en/group-activities/active>

Brian Cute: Thx

Marika Konings: It may be worth pointing out that no PDP has been completed under the revised PDP rules which were adopted in December 2012 (at least not from start to finish)

Michael Yakushev: I am attending the call thru the voice line as well

Marika Konings: That should be December 2011 (not 2012)

jørgen abild andersen: whether in particular the views and advice provided by GAC has been duly taken into account given the specific tasks of national governments with respect to public policy

jørgen abild andersen: to be added after line 86

Avri Doria: My concern is that we not presuppose that GAC is not already sufficiently taken into account. Some may feel that the influence is already too pronounced. That has to be a possible outcome of the study.

Marika Konings: We have some documents that compare the old vs. the new process that can be taken into account by the external consultant?

Marika Konings: IRTP Part C has not been implemented yet, so is not complete yet (from your earlier definition)

Avri Doria: i personally think it is too soon to tell, but i am in a minority

Alan Greenberg: Marika, can you send me that doc on the changes??

Olivier Crepin-Leblond: I've been disconnected. Please ask Adigo to dial again

Alice Jansen: The operator is calling you

Olivier Crepin-Leblond: Back on. Thanks!

Olivier Crepin-Leblond: Happy with 5 July. Sounds good.

Avri Doria: We may just have to understand that certain issues are still a part of tussle, and understand what that means.

Larisa Gurnick 2: This is a complete summary of all comments

Alice Jansen: (Sorry, I was on mute)

Larisa Gurnick 2: Brian, I'd like to remind you to address developing questions for meetings with ACs and SOs.

Alice Jansen: Note that the ATRT2's first meeting is on 1 July - Session with the CSG

Avri Doria: Not NCSG - CSG

Fiona Asonga: Can we suggest a deadline by which we can have some questions for them?
