Conference Call 12
6 August 2014 – 19:00-20:30 UTC

- Charla Shambley: Welcome to today's IAG-CCT Call #12
- Evan Leibovitch: On the call. Hi everyone.
- Ron A: Good day all, In Jonathan's absence I will be Chairing today. We'll get started at 5 minutes past the hour to allow for everyone to dial in and get into Adobe.
- Cheryl Langdon-Orr: hi I've only joined Adobe room today as I am on 2 calls at once
- Ron A: That is all you CLO - multitasking! ;o)
- Cheryl Langdon-Orr: agree ☑ with Steve
- Steve DelBianco: is our draft report available on the Wiki? I can't find it there....
- Karen Lentz: @Steve, draft report was circulated by Eleeza on 28 July - don't think it is on the wiki currently but we can add it
- Steve DelBianco: if the report is there please just post a link. If not there, please post it. Thanks
- Karen Lentz: sure, will do
- Cheryl Langdon-Orr: yep exactly Steve / Evan
- Phil Buckingham: Adding name collision is good one . I feel there will be new ones as issues arise , but I guess that will be up to the Review Team .
- Christa Taylor: More rather than less +1
- Phil Buckingham: Exactly Ron +1
- Evan Leibovitch: +1 ... "active" is in the eyes of beholder.
- Steve DelBianco: Agree, Ron

- Cheryl Langdon-Orr: another reason the phone I'd in room needs to be sorted out if you insist on using the dial me option rename... usually we do have better attendances reporting as an appendices
- Evan Leibovitch: It is important NOT to tie definitions to US (or any other country's) law.
- Mason Cole: +1 Steve
- Evan Leibovitch: +1 steve
- Evan Leibovitch: bad example of "apple", Steve, since "apple" is a generic term that could rightfully point to agricultural use
- Phil Buckingham: Eleeza , think we should take out INTA "help " on 1.11 Could lead to bias (as Christopher stated)
- Evan Leibovitch: I would not expect "apple.food" to go to a computer company
- Steve DelBianco: @Evan - I chose that example carefully, since those are the only TM terms that could be registered in good faith by someone other than the TM holder
- Steve DelBianco: 1.21 caem from Olivier at ALAC. Evan -- could you ping Olivier to get examples?
- Cheryl Langdon-Orr: sorry dropped briefly
- Ron A: Welcome Christopher. We spent the first part of this call discussing your recent post and comments. Recommend you listen to the MP3 or transcript to learn where those points ended up.
- Christopher Wilkinson: Good evening. Apologies for late arrival. Belgacom dropped Internet here for the past 90 minutes. CW
- Cheryl Langdon-Orr: only in chat
