

Model email to send individually to people who have been identified as potential Mentor

Dear [xxxx],

We are writing to you as members of the ATLAS II Mentoring Program to tell you have been identified as a potential Mentor to serve to this Program.

We would ask you if you are available/capable to play this role.

You can find the draft of this Mentoring Program in this link:

<https://community.icann.org/display/atlarge/ATLAS+II+Draft+Mentoring+Program>

In this link [<http://goo.gl/xmTPki>] you can find the task expected from Mentors. We would ask to review them and let us know until **May 9th** if you're willing to commit to these activities

Thanks in advance.

Best Regards,

[Name]
