Questions – summary of what has been done till today

1. What is contact information & What Taxonomies are Available?
    A lot of information is available (wiki)

2. Why are we doing this? Is this particular feature necessary?
    Wiki well documented, work in progress

3. Who gets access to what information?
    No input today …

4 Who are the Stakeholders - Who is Affected and What do They Want
    Outreach to all SO/AC's done

5 How Much Would a Particular Feature Cost and How to Weigh the Costs Versus the Benefits
    4 extracts from input received, summarized by Chris

6 When Would Policy Come into Effect
    Timelines involved in concurrent projects will influence the answer to this question and it will also depend on what this WG recommends as to how desirable or undesirable it is to translate and/or transliterate contact info. The EWG on gTLD Directory Services is wrapping up its work with the public comment period, so we can expect an issue report on this soon.

7 What Should be Mandatory
    This connects with the EWG on gTLD Directory Services' work on availability and purpose of data:

    Initial report from the EWG on gTLD Directory Services: a next generation Registration Directory Service

    https://www.icann.org/en/groups/other/gtld-directory-services/initial-report-24jun13-en.pdf

    Status update report from the EWG on gTLD Directory Services: a next generation Registration Directory Service

    https://www.icann.org/en/groups/other/gtld-directory-services/status-update-11nov13-en.pdf

    The Internationalized Registration Data Working Group is working on what it means to internationalize and the data model.

8. Verification and validation

    For definitions, see Question 1.

    Validation of address information: translation and transliteration to a foreign language

    Presentation by Pitinan Kooarmornpatana / Electronic Transactions Development Agency, Thailand at APTLD on 21 Feb., 2014.

    Validation is picked up in:

    1. http://blog.icann.org/2014/03/a-model-for-exploring-whois-accuracy/ - by Margie Milam

    2. the WHOIS Accuracy Program Specification part of the 2013 Registrar Accreditation Agreement:

    http://www.icann.org/en/resources/registrars/raa/approved-with-specs-27jun13-en.htm#whois-accuracy

    3. the Status update report from the EWG on gTLD Directory Services:

    www.icann.org/en/groups/other/gtld-directory-services/status-update-11nov13-en.pdf p.22-30
