

ATLAS II—Thematic Group 3

Global Internet: The User Perspective

Saturday 21st of June, 2014

Introductions

- 15:00-16:00 TG3 Moderators, Reporters and SMEs introduce themselves
 - Fatima and Jean-Jacques introduce the overall theme of TG3
 - Participants to introduce themselves, state their center of interest in this session

TOPIC 1, "Internet Governance: the User's Perspective"

- 16:00-16:30 Fatima and Jean-Jacques introduce
 - From the User Perspective, what has happened over the past decades (Jean-Jacques)?
 - Trends and challenges after NetMundial (Fatima)
- 16:30-17:30 Wolf and Gunela moderate the debate on Topic 1
- 17:30-18:00 Conclusions

Sunday 22nd of June, 2014

TOPIC 2, "What is still needed in Emerging Economies"

- 08:00-08:30 Fatima introduces Topic 2
 - Challenges in emerging economies (infrastructure, access, training...)
 - What innovation, what content?
 - What is a "user" in different cultural, social, political, economic contexts?

Division into working groups

- 10:30-11:00 Coffee break

TOPIC 3, "The User Perspective: Ways Forward"

- 11:00-11:15 Jean-Jacques introduces Topic 3
 - Historically, Internet development has been driven by technology, business, legal constraints
 - Recent developments now make it necessary to focus on Users (fundamental rights, privacy, default settings...)
 - Some elements of the current debate
- 11:15-13:00 Wolf and Gunela moderate the debate on Topic 3
- 13:00-15:00 Lunch Break
- 15:00-16:30: Overall conclusions on Thematic Group 3 (topics 1, 2 and 3)
 - Wolf and Gunela summarize the debate on all 3 Topics
 - What does all this mean for At-Large? (Fatima)
 - The User Perspective: not an option, but an obligation (Jean-Jacques)
