ABOUT ME

Abdalmonem Galila looks like other engineers who are looking for learning all the time, interesting in changing the methodology of the old tasks behavior, feeling that he is alive when he does his mission, searching for solving a problem …

Currently I am the Deputy Manager of .masr (مصر.) IDN ccTLD of Egypt. He is also a member of Task Force on Arabic Script IDNs (TF-AIDN) that focuses on secure deployment and ease of use of Arabic IDNs. With TF-AIDN.

He is contributing to root zone and second level LGRs and universal acceptance for the Arabic script domain names.

I am a self-motivated, reliable, trustworthy, hard worker, who is fascinated by computers and is always willing to learn more about them, and apply the knowledge practically. I am passionate about the different aspects of IT, but also like going out and socializing, Movies and Sports.

Since May 2018, I was nominated as an UA ambassador for Africa and Middle east
